HOW TO CITE RULES AND RSMo

RULES—Cite material in the *Missouri Register* by volume and page number, for example, Vol. 26, *Missouri Register*, page 27. The approved short form of citation is 26 MoReg 27.

The rules are codified in the *Code of State Regulations* in this system—

Title	Code of State Regulations	Division	Chapter	Rule
1	CSR	10-	1.	010
Department		Agency, Division	General area regulated	Specific area regulated

They are properly cited by using the full citation , i.e., 1 CSR 10-1.010.

Each department of state government is assigned a title. Each agency or division in the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraph 1., subparagraph A., part (I), subpart (a), item I. and subitem a.

RSMo—Cite material in the RSMo by date of legislative action. The note in parentheses gives the original and amended legislative history. The Office of the Revisor of Statutes recognizes that this practice gives users a concise legislative history.

Rules appearing under this heading are filed under the authority granted by section 536.025, RSMo 2000. An emergency rule may be adopted by an agency if the agency finds that an immediate danger to the public health, safety or welfare, or a compelling governmental interest requires emergency action; follows procedures best calculated to assure fairness to all interested persons and parties under the circumstances; follows procedures which comply with the protections extended by the *Missouri* and the *United States Constitutions*; limits the scope of such rule to the circumstances creating an emergency and requiring emergency procedure, and at the time of or prior to the adoption of such rule files with the secretary of state the text of the rule together with the specific facts, reasons and findings which support its conclusion that there is an immediate danger to the public health, safety or welfare which can be met only through the adoption of such rule and its reasons for concluding that the procedure employed is fair to all interested persons and parties under the circumstances.

Rules filed as emergency rules may be effective not less than ten days after filing or at such later date as may be specified in the rule and may be terminated at any time by the state agency by filing an order with the secretary of state fixing the date of such termination, which order shall be published by the secretary of state in the *Missouri Register* as soon as practicable.

All emergency rules must state the period during which they are in effect, and in no case can they be in effect more than 180 calendar days or 30 legislative days, whichever period is longer. Emergency rules are not renewable, although an agency may at any time adopt an identical rule under the normal rulemaking procedures.

Title 2—DEPARTMENT OF AGRICULTURE Division 30—Animal Health Chapter 10—Food Safety and Meat Inspection

EMERGENCY RULE

2 CSR 30-10.010 Inspection of Meat and Poultry

PURPOSE: *The director of agriculture proposes this as an emergency rule effective until the permanent rule becomes effective on March 30, 2001.*

EMERGENCY STATEMENT: *This emergency rule establishes the standards that will be used to inspect meat/poultry slaughter and processing facilities in Missouri. State officials will assume the responsibility of inspecting certain meat/poultry slaughtering and processing facilities from the United States Department of Agriculture (USDA) Meat Inspection, effective January 1, 2001. Inspection of meat and poultry sold for public consumption is essential. Therefore, the Missouri Department of Agriculture finds a compelling governmental interest to prevent an immediate threat to the public health, safety and welfare, making this emergency rule necessary. A notice of proposed rulemaking containing identical text as in this emergency rule was published in the *Missouri Register* on October 16, 2000 (25 MoReg 2515), and should become effective March 30, 2001. The scope of this emergency rule is limited to the circumstances creating the emergency*

*and complies with the protections extended by the *Missouri* and *United States Constitutions*. Emergency rule filed December 1, 2000, effective December 11, 2000, and will expire on April 1, 2001.*

PUBLISHER'S NOTE: *The publication of the full text of the material that the adopting agency has incorporated by reference in this rule would be unduly cumbersome or expensive. Therefore, the full text of that material will be made available to any interested person at both the Office of the Secretary of State and the office of the adopting agency, pursuant to section 536.031.4 RSMo. Such material will be provided at the cost established by state law.*

(1) The state meat inspection program is administered by the Division of Animal Health of the Missouri Department of Agriculture.

(2) The standards used to inspect Missouri meat and poultry slaughter and processing shall be those shown in Part 300 to end of Title 9, the *Code of Federal Regulations* (January 2000), herein incorporated by reference and made a part of this rule.

AUTHORITY: *section 265.020, RSMo 2000. Original rule filed Sept 14, 2000. Emergency rule filed Dec. 1, 2000, effective Dec. 11, 2000, expires April 1, 2001.*

Title 7—DEPARTMENT OF TRANSPORTATION Division 10—Missouri Highways and Transportation Commission Chapter 10—Contractor Performance Rating to Determine Responsibility

EMERGENCY AMENDMENT

7 CSR 10-10.010 Definitions. The commission is amending section (6), deleting sections (11) and (12), adding a new section (5) and section (21), and renumbering sections (5) through (20).

PURPOSE: *This emergency amendment deletes and adds additional terms used in this chapter.*

EMERGENCY STATEMENT: *The Commission has the statutory duty to determine the responsibility of its contractors and subcontractors, so that all state highways and bridges are constructed and maintained properly, adequately, and safely. If the Commission's representatives in the Missouri Department of Transportation (MoDOT) are not able to legally regulate and suspend contractors and subcontractors who are not responsible, then the state highway system may be constructed and maintained improperly or dangerously, at increased costs to the public, and there may be an increased danger to the public and the employees traveling through or working in a construction area where the contractor or subcontractor is not working responsibly. The Commission, in conjunction with industry representatives, has determined that its current contractor performance rating system used to determine contractor responsibility must be revised; and in order to be implemented fully and fairly, the newly revised system must be in effect for the entire calendar year of work which each contractor or subcontractor will be rated upon. Therefore, the Commission must have this revised contractor rating system in place and effective on January 1, 2001, and continuously thereafter, to help determine the responsibility of all Commission contractors and subcontractors for 2001 and subsequent years. Since these revised rules are not now in effect, the Commission finds that an immediate danger to the public health, safety and welfare exists which requires emergency action, through this and its companion rules, to protect the traveling public, the*

contractors' and subcontractors' employees, and the state highway system, from damage, danger and deterioration through the actions of irresponsible contractors and subcontractors. The adoption of this emergency rule and its companion rules follows statutory procedures which are limited in scope to those circumstances creating this emergency and requiring emergency action, relating to the regulation of contractors' and subcontractors' responsibility; and the adoption of these rules provides regulatory procedures best calculated to assure fairness to all interested persons and parties, including contractors and subcontractors, under the circumstances. Likewise, the adoption of this rule and its companion rules follows procedures which comply with the protections extended to all interested persons and parties by the *Missouri and United States Constitutions*. Emergency Amendment filed December 1, 2000, effective January 1, 2001, expires June 29, 2001.

(5) Construction. The functional unit within the department which is responsible for administering all construction contracts awarded by the commission.

[[5]] (6) Contractor. The individual proprietorship, partnership, limited partnership, corporation, limited liability company, limited liability partnership, limited liability corporation or firm of whatever organizational form participating in a joint venture, undertaking performance of the work under the terms of a contract with the commission and acting directly or through his/her/its agents, employees or subcontractors.

[[6]] (7) Contractor performance review committee consists of the following: director of operations, chairperson; director of project development; [division engineer, design; division engineer, construction; division engineer, bridge or authorized representative.] state design engineer; state construction engineer; state bridge engineer; or an authorized representative acting on behalf of any one of them.

[[7]] (8) Contractor representative. A general partner, officer of a corporation or other proper term depending on the company or organization, as one having authority of position, stated in writing.

[[8]] (9) Department. The Missouri Department of Transportation. (MoDOT)

[[9]] (10) District. One (1) of ten (10) geographic regions of Missouri established for administrative purposes within the department.

[[10]] (11) District engineer. The engineer in charge of a district.

[[11] Division, or Division of Construction. The Division of Construction within the department.

[[12] Division engineer. Unless this term is used with reference to another division of the department, it means the division engineer of construction.]

[[13]] (12) Mean. The sum of all of the individual contractor's ratings divided by the total number of ratings.

[[14]] (13) Nonresponsible contractor. A contractor determined by the commission to lack one (1) or more of the qualities associated with a responsible bidder or responsible contractor.

[[15]] (14) Notice of rating. Notice of the rating by the resident engineer in a contractor performance questionnaire or of the annual rating shall be sent by mailing a copy of the contractor performance questionnaire or of a writing containing the annual rating to the contractor at the contractor's address contained in its most recent contractor questionnaire required by the Missouri Standard Specifications for Highway Construction. The department will

keep a written record of the persons to whom such notices of ratings were sent and of the address and date they were sent for a period of at least ten (10) years in the case of the contractor performance questionnaire and at least (10) years in the case of the notice of the annual rating, which record shall prove the mailing of the notice of rating. Further, it shall be presumed that a notice of rating sent by mail was received by the contractor on the second day, which is not a Sunday or holiday, after the day the written record states it was sent excepting only if a different date is shown by a delivery receipt of the United States Postal Service.

[[16]] (15) Principal. A person is a principal of a firm if s/he is an officer, director, owner, partner or other person with that firm who has primary management, supervisory or bidding duties or authority.

[[17]] (16) Resident engineer. The individual employed by the department and assigned to a district, holding that title, who is the department's representative assigned the immediate control and administration of a commission project awarded by contract to a contractor for construction. Whenever appropriate, it also refers to his/her designated representative.

[[18]] (17) Responsible bidder or responsible contractor. A contractor, or any contractor or firm which participates collectively in a joint venture, which is capable financially, skilled and has sufficient integrity, experience and resources of all kinds, to promptly complete a project awarded, to provide a satisfactory quality of work, in compliance with the contract, in cooperation with the department and others, and in a safe manner.

[[19]] (18) Sample. A statistical subset of the total number of contractors doing work for MoDOT during the rated year.

[[20]] (19) Specialty contractors. Those contractors who have performed eighty-five percent (85%) or more of their work in one specification area as set forth in Divisions 200-900 in the Missouri Standard Specifications for Highway Construction.

[[21]] (20) Standard deviation. The square root of the average difference between the individual ratings and their mean.

(21) State construction engineer. The registered professional engineer in charge of the construction unit within the department.

Title 7—DEPARTMENT OF TRANSPORTATION Division 10—Missouri Highways and Transportation Commission Chapter 10—Contractor Performance Rating to Determine Responsibility

EMERGENCY AMENDMENT

7 CSR 10-10.030 Rating Categories for Evaluating the Performance of a Contractor. The commission is amending section (1), amending subsection (1)(B), deleting subsection (1)(D), and amending section (4).

PURPOSE: This emergency amendment eliminates reference to the rating category "Safety" changing the number of categories from four (4) basic categories to three (3) basic categories and changing the importance factor percentages to a thirty-three and one third percent (33.33%) for each category.

EMERGENCY STATEMENT: The Commission has the statutory duty to determine the responsibility of its contractors and subcontractors, so that all state highways and bridges are constructed and maintained properly, adequately, and safely. If the Commission's representatives in the Missouri Department of Transportation (MoDOT) are not able to legally regulate and suspend contractors and subcontractors who are not responsible, then the state highway system may be constructed and maintained improperly or dangerously, at increased costs to the public, and there may be an increased danger to the public and the employees traveling through or working in a construction area where the contractor or subcontractor is not working responsibly. The Commission, in conjunction with industry representatives, has determined that its current contractor performance rating system used to determine contractor responsibility must be revised; and in order to be implemented fully and fairly, the newly revised system must be in effect for the entire calendar year of work which each contractor or subcontractor will be rated upon. Therefore, the Commission must have this revised contractor rating system in place and effective on January 1, 2001, and continuously thereafter, to help determine the responsibility of all Commission contractors and subcontractors for 2001 and subsequent years. Since these revised rules are not now in effect, the Commission finds that an immediate danger to the public health, safety and welfare exists which requires emergency action, through this and its companion rules, to protect the traveling public, the contractors' and subcontractors' employees, and the state highway system, from damage, danger and deterioration through the actions of irresponsible contractors and subcontractors. The adoption of this emergency rule and its companion rules follows statutory procedures which are limited in scope to those circumstances creating this emergency and requiring emergency action, relating to the regulation of contractors' and subcontractors' responsibility; and the adoption of these rules provides regulatory procedures best calculated to assure fairness to all interested persons and parties, including contractors and subcontractors, under the circumstances. Likewise, the adoption of this rule and its companion rules follows procedures which comply with the protections extended to all interested persons and parties by the **Missouri and United States Constitutions**. Emergency Amendment filed December 1, 2000, effective January 1, 2001, expires June 29, 2001.

(1) Contractors awarded commission projects shall be rated on the following *[four (4)]* **three (3)** basic categories:

(B) Contract compliance includes, but is not limited to, *[public relations,]* timely compliance, *[frequency of complaints from the public, cooperation with others,]* **compliance with traffic control, handling of traffic**, submittal of required documents, maintenance of the work site and adherence to environmental requirements;

[(D) Safety includes, but is not limited to, public safety, compliance with traffic control, handling of traffic and general work site safety;]

(4) For overall rating purposes, the categories are assigned importance factors as follows: quality of work, *[thirty]* **thirty-three and one third percent [(30%)] (33.33%)**; contract compliance, *[twenty]* **thirty-three and one third percent [(20%)] (33.33%)**; prosecution and progress, *[thirty]* **thirty-three and one third percent [(30%)] (33.33%)** ; and safety, twenty percent (20%).

AUTHORITY: sections 226.020, [and] 226.130, [RSMo Supp. 1997] 227.030 and 227.100, RSMo [1994] **2000**. Original rule filed Dec. 31, 1990, effective July 8, 1991. Chapter 10—Contractor Performance Rating to Determine Responsibility

EMERGENCY AMENDMENT

7 CSR 10-10.040 Contractor Performance Questionnaire Used in Evaluating Contractor Performance. The commission is amending section (3) and section (5).

PURPOSE: This emergency amendment eliminates a separate category for "safety" from the evaluation process.

EMERGENCY STATEMENT: The Commission has the statutory duty to determine the responsibility of its contractors and subcontractors, so that all state highways and bridges are constructed and maintained properly, adequately, and safely. If the Commission's representatives in the Missouri Department of Transportation (MoDOT) are not able to legally regulate and suspend contractors and subcontractors who are not responsible, then the state highway system may be constructed and maintained improperly or dangerously, at increased costs to the public, and there may be an increased danger to the public and the employees traveling through or working in a construction area where the contractor or subcontractor is not working responsibly. The Commission, in conjunction with industry representatives, has determined that its current contractor performance rating system used to determine contractor responsibility must be revised; and in order to be implemented fully and fairly, the newly revised system must be in effect for the entire calendar year of work which each contractor or subcontractor will be rated upon. Therefore, the Commission must have this revised contractor rating system in place and effective on January 1, 2001, and continuously thereafter, to help determine the responsibility of all Commission contractors and subcontractors for 2001 and subsequent years. Since these revised rules are not now in effect, the Commission finds that an immediate danger to the public health, safety and welfare exists which requires emergency action, through this and its companion rules, to protect the traveling public, the contractors' and subcontractors' employees, and the state highway system, from damage, danger and deterioration through the actions of irresponsible contractors and subcontractors. The adoption of this emergency rule and its companion rules follows statutory procedures which are limited in scope to those circumstances creating this emergency and requiring emergency action, relating to the regulation of contractors' and subcontractors' responsibility; and the adoption of these rules provides regulatory procedures best calculated to assure fairness to all interested persons and parties, including contractors and subcontractors, under the circumstances. Likewise, the adoption of this rule and its companion rules follows procedures which comply with the protections extended to all interested persons and parties by the **Missouri and United States Constitutions**. Emergency Amendment filed December 1, 2000, effective January 1, 2001, expires June 29, 2001.

(3) The Contractor Performance Questionnaire contains questions that are assigned to the [four (4)] **three (3)** evaluation categories: quality of work; prosecution and progress; **and** contract compliance; **and safety**]. Not all questions will be applicable on any certain project and will, therefore, not be completed.

(5) A copy of the Contractor Performance Questionnaire may be obtained by submitting a written request to the following address: Missouri Department of Transportation, [Division of] Construction, P.O. Box 270, Jefferson City, MO 65102.

7 CSR 10-10.050 Procedure and Schedule for Completing the Contractor Performance Questionnaire. The commission is amending section (2), section (3), and subsections (3)(A) and (3)(B).

PURPOSE: This emergency amendment eliminates a separate category for "safety" for rating values used in annual ratings.

EMERGENCY STATEMENT: The Commission has the statutory duty to determine the responsibility of its contractors and subcontractors, so that all state highways and bridges are constructed and maintained properly, adequately, and safely. If the Commission's representatives in the Missouri Department of Transportation (MoDOT) are not able to legally regulate and suspend contractors and subcontractors who are not responsible, then the state highway system may be constructed and maintained improperly or dangerously, at increased costs to the public, and there may be an increased danger to the public and the employees traveling through or working in a construction area where the contractor or subcontractor is not working responsibly. tion of this emergency rule and its companion rules follows statutory procedures which are limited in scope to those circumstances creating this emergency and requiring emergency action, relating to the regulation of contractors' and subcontractors' responsibility; and the adoption of these rules provides regulatory procedures best calculated to assure fairness to all interested persons and parties, including contractors and subcontractors, under the circumstances. Likewise, the adoption of this rule and its companion rules follows procedures which comply with the protections extended to all interested persons and parties by the Missouri and United States Constitutions. EMERGENCY AMENDMENT

7 CSR 10-10.070 Procedure for Annual Rating of Contractors. The commission is amending sections (1), (3), and (4); paragraph (4)(A)3.; and section (5).

PURPOSE: This emergency amendment eliminates the category "safety" from annual rating process.

EMERGENCY STATEMENT: The Commission has the statutory duty to determine the responsibility of its contractors and subcontractors, so that all state highways and bridges are constructed and maintained properly, adequately, and safely. If the Commission's representatives in the Missouri Department of Transportation (MoDOT) are not able to legally regulate and suspend contractors and subcontractors who are not responsible, then the state highway system may be constructed and maintained improperly or dangerously, at increased costs to the public, and there may be an increased danger to the public and the employees traveling through or working in a construction area where the contractor or subcontractor is not working responsibly. The Commission, in conjunction with industry representatives, has determined that its current contractor performance rating system used to determine contractor responsibility must be revised; and in order to be implemented fully and fairly, the newly revised system must be in effect for the entire calendar year of work which each contractor or subcontractor will be rated upon. Therefore, the Commission must have this revised contractor rating system in place and effective on January 1, 2001, and continuously thereafter, to help determine the responsibility of all Commission contractors and subcontractors for 2001 and subsequent years. Since these revised rules are not now in effect, the Commission finds that an immediate danger to the public health, safety and welfare exists which requires emergency action, through this and its companion rules, to protect the traveling public, the contractors' and subcontractors' employees, and the state highway system, from damage, danger and deterioration through the actions of irresponsible contractors and subcontractors. The adoption of this emergency rule and its companion rules follows statutory procedures which are limited in scope to those circumstances creating this emergency and requiring emergency action, relating to the regulation of contractors' and subcontractors' responsibility; and the adoption of these rules provides regulatory procedures best calculated to assure fairness to all interested persons and parties, including contractors and subcontractors, under the circumstances. Likewise, the adoption of this rule and its companion rules follows procedures which comply with the protections extended to all interested persons and parties by the **Missouri and United States Constitutions**. Emergency Amendment filed December 1, 2000, effective January 1, 2001, expires June 29, 2001.

(1) Annual Rating of Contractors. The [Division of Construction] **Construction unit** shall be responsible for the determination of the annual ratings of contractors. The [Division of Construction] **Construction unit** will annually determine a contractor's overall and category performance rating for all contracts on which work was performed during the period, January 1 through December 31. The ratings for the categories Quality, [Safety,] and Contract Compliance will be based on a weighted average of the dollar value of all work completed during the rated year on all contracts. The category, Prosecution and Progress, shall use contract dollar totals for determining the contractor's performance rating.

(3) Upon the [division's] **Construction unit's** annual rating of all contractors, the ratings shall be reviewed by the [division engineer] **state construction engineer**. Upon the [division's] **Construction unit's** approval, all contractors shall be notified in writing of their annual ratings. The [Division of Construction] **Construction unit** will act on each contractor or not, based on the overall and category rating the contractor receives. These actions may range from recognizing very outstanding performance, to recommending that a contractor be declared nonresponsible.

(4) Review Process. If the contractor disagrees with any particular response on the questionnaire and cannot resolve the dispute with the resident engineer, s/he may request in writing that the district engineer review the matter. Such request must be made to the dis-

trict engineer within twenty-eight (28) days from the date of the mailing of the questionnaire form to the contractor. However, the contractor's representative shall first have discussed the questionnaire response with the resident engineer in order to resolve the dispute. Upon receiving the contractor's written request to review the particular area of discrepancy on the questionnaire, the district engineer shall review the matter and provide the contractor with a written response regarding the particular area of dispute between the contractor and the resident engineer. All reports shall be submitted to the *[Division of Construction]* **Construction unit** before, but no later than, February 15.

(A) "Unacceptable" Rating. No request for review to the committee or to the department regarding the contractors' performance ratings is permitted or is provided under this chapter, with the exception of contractors who receive an unacceptable performance rating.

1. The contractor must have received either an unacceptable category or overall performance rating and timely discussed the dispute with the resident engineer and made a timely written request for review by the district engineer of the particular rating on the questionnaire that the contractor disagrees with as provided in this chapter.

2. The contractor shall have ten (10) working days to request an informal hearing to review an unacceptable performance rating.

3. The contractor shall submit its request for an informal hearing to the following address: Missouri Department of Transportation, *[Division of]* Construction, P.O. Box 270, Jefferson City, MO 65102.

(5) No Further Commission Action. As to contractor performance ratings of which no review is requested or permitted under this rule, upon the determination by the *[division]* **Construction unit** regarding the annual ratings of all contractors and the approval of the chief engineer of the annual ratings, the ratings of the contractors shall become final for purposes of this chapter and the effect of a level of performance. No commission action is necessary regarding the annual ratings of the contractors.

EMERGENCY AMENDMENT

7 CSR 10-10.080 Determination of Nonresponsibility. The commission is deleting section (1), amending section (2), and renumbering sections (2) and (3).

PURPOSE: This emergency amendment combines the probationary provisions for "Overall" and "Category" ratings.

EMERGENCY STATEMENT: The Commission has the statutory duty to determine the responsibility of its contractors and subcon-

tractors, so that all state highways and bridges are constructed and maintained properly, adequately, and safely. If the Commission's representatives in the Missouri Department of Transportation (MoDOT) are not able to legally regulate and suspend contractors and subcontractors who are not responsible, then the state highway system may be constructed and maintained improperly or dangerously, at increased costs to the public, and there may be an increased danger to the public and the employees traveling through or working in a construction area where the contractor or subcontractor is not working responsibly. The Commission, in conjunction with industry representatives, has determined that its current contractor performance rating system used to determine contractor responsibility must be revised; and in order to be implemented fully and fairly, the newly revised system must be in effect for the entire calendar year of work which each contractor or subcontractor will be rated upon. Therefore, the Commission must have this revised contractor rating system in place and effective on January 1, 2001, and continuously thereafter, to help determine the responsibility of all Commission contractors and subcontractors for 2001 and subsequent years. Since these revised rules are not now in effect, the Commission finds that an immediate danger to the public health, safety and welfare exists which requires emergency action, through this and its companion rules, to protect the traveling public, the contractors' and subcontractors' employees, and the state highway system, from damage, danger and deterioration through the actions of irresponsible contractors and subcontractors. The adoption of this emergency rule and its companion rules follows statutory procedures which are limited in scope to those circumstances creating this emergency and requiring emergency action, relating to the regulation of contractors' and subcontractors' responsibility; and the adoption of these rules provides regulatory procedures best calculated to assure fairness to all interested persons and parties, including contractors and subcontractors, under the circumstances. Likewise, the adoption of this rule and its companion rules follows procedures which comply with the protections extended to all interested persons and parties by the Missouri and United States Constitutions. Emergency Amendment filed December 1, 2000, effective January 1, 2001, expires June 29, 2001.

[(1) Overall Unacceptable Rating. Upon a contractor's first occurrence of an unacceptable "overall" rating, the contractor shall be placed on probation by the commission. If a contractor is currently on probation and receives a second "overall" unacceptable rating, the contractor shall be declared nonresponsible and shall be suspended by the commission for a period of one (1) year. During this suspension period, no bids shall be accepted from the contractor. At the conclusion of the suspension period, the contractor shall be reinstated on a probationary status and will be allowed to bid on commission projects. Any contractor who has been previously suspended for unacceptable performance, has a current deficiency status, and receives a subsequent unacceptable overall rating shall be declared nonresponsible and shall be barred from bidding on any commission projects for a period of three (3) years. After this three (3)-year debarment has expired, the contractor may be reinstated on a probationary basis. Any deficiency status shall remain in effect until the contractor obtains an overall rating above the mean.]

[(2)] (1) [Category] Unacceptable Category or Overall Rating. A contractor who receives an initial unacceptable ["category"] rating shall be placed on probation. Any contractor who is on probation and receives a second unacceptable [category] rating shall be declared nonresponsible and shall be suspended for a period of one (1) year. During this suspension period, no bids shall be accepted from the contractor. At the conclusion of this suspension period, the contractor shall be reinstated on a probationary basis

and be allowed to bid on commission projects. Any contractor who has previously been suspended for unacceptable performance, has a current deficiency status, and receives a subsequent unacceptable *[category]* rating shall be declared nonresponsible and shall be barred from bidding on commission projects for a period of three (3) years. After the three (3)/-year debarment period has ended, the contractor may be reinstated on a probationary basis. Any deficiency status shall remain in effect until the contractor obtains an annual average category rating in all categories.

[(3)] (2) Affiliates of the Contractor. Any probation, suspension or debarment of the contractor shall be equally applicable to all affiliates of the contractor.

AUTHORITY: sections 226.020, [and] 226.130, [RSMo Supp. 1997] 227.030 and 227.100, RSMo [1994] 2000. Original rule filed Dec. 31, 1990, effective July 8, 1991. 7 CSR 10-10.090 Reservation of Rights to Recommend or Declare Persons or Contractors Nonresponsible on Other Grounds. The commission is amending section (1).

PURPOSE: This emergency amendment reflects the revision in that there are three (3) rating categories rather than four (4).

EMERGENCY STATEMENT: The Commission has the statutory duty to determine the responsibility of its contractors and subcontractors, so that all state highways and bridges are constructed and maintained properly, adequately, and safely. If the Commission's representatives in the Missouri Department of Transportation (MoDOT) are not able to legally regulate and suspend contractors and subcontractors who are not responsible, then the state highway system may be constructed and maintained improperly or dangerously, at increased costs to the public, and there may be an increased danger to the public and the employees traveling through or working in a construction area where the contractor or subcontractor is not working responsibly. Since these revised rules are not now in effect, the Commission finds that an immediate danger to the public health, safety and welfare exists which requires emergency action, through this and its companion rules, to protect the traveling public, the contractors' and subcontractors' employees, and the state highway system, from damage, danger and deterioration through the actions of irresponsible contractors and subcontractors. The

adoption of this emergency rule and its companion rules follows statutory procedures which are limited in scope to those circumstances creating this emergency and requiring emergency action, relating to the regulation of contractors' and subcontractors' responsibility; and the adoption of these rules provides regulatory procedures best calculated to assure fairness to all interested persons and parties, including contractors and subcontractors, under the circumstances. Likewise, the adoption of this rule and its companion rules follows procedures which comply with the protections extended to all interested persons and parties by the Missouri and United States Constitutions. Emergency Amendment filed December 1, 2000, effective January 1, 2001, expires June 29, 2001.

(1) Nothing in this chapter shall be construed to waive, limit or restrict the right of the chief engineer to recommend that a contractor be declared nonresponsible, if any individual rating on one (1) or more of the *[four (4)] three (3)* rating categories specified in 7 CSR 10-10.030 is so low that the chief engineer has cause to believe that the contractor cannot responsibly or competently perform contract work generally, or of a particular type or description. The commission reserves the right to declare nonresponsible any contractor which it finds to be incompetent or nonresponsible, with those terms and conditions governing the disqualification as it deems appropriate.

Under this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word "Authority."

Entirely new rules are printed without any special symbology under the heading of the proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

An important function of the *Missouri Register* is to solicit and encourage public participation in the rule-making process. The law provides that for every proposed rule, amendment or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

If an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least 30 days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than 30 days after publication of the notice in the *Missouri Register*.

An agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the 90-day-count necessary for the filing of the order of rulemaking.

If an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than 30 days from the date of publication of the new notice.

Division 30—Missouri Board for Architects, Professional Engineers and Professional Land Surveyors Chapter 6—Fees

PROPOSED AMENDMENT

4 CSR 30-6.015 Application, Renewal, Reinstatement, Reregistration, and Miscellaneous Fees. The board is proposing to amend section (1), add section (2) and renumber the remaining section accordingly.

PURPOSE: The Missouri Board for Architects, Professional Engineers and Professional Land Surveyors is statutorily obligated to enforce and administer the provisions of Chapter 327, RSMo.

Pursuant to section 327.431, RSMo, the board shall by rule and regulation set the amount of fees authorized by Chapter 327, RSMo so that the revenue produced is sufficient, but not excessive, to cover the cost and expense to the board for administering the provisions of Chapter 327, RSMo. This proposed amendment is necessary because the board's fund balance and projected revenue for FY2001 will not support the expenditures necessary to enforce and administer the provisions of Chapter 327, RSMo, which will result in an endangerment to the life, health, peace and safety of the public.

The board is also proposing to delete subsection (1)(R) pursuant to section 610.026, RSMo, which states fees for copying records shall not exceed the actual cost of document search and duplication.

(1) The following fees are established by the Missouri Board for Architects, Professional Engineers and **Professional Land Surveyors**:

(A) Architectural Application Filing Fee—	
Comity	<i>[\$ 150.00]</i> \$200.00
(C) Professional Engineer Application Filing Fee—	
Comity	<i>[\$ 150.00]</i> \$200.00
(D) Professional Engineer Application Filing Fee—	
Examination	<i>[\$ 150.00]</i> \$200.00
(E) Land Surveyor Application Filing Fee—	
Comity	<i>[\$ 150.00]</i> \$200.00
(F) Land Surveyor Application Filing Fee—

PROPOSED AMENDMENT

4 CSR 30-6.020 Reexamination Fees. The board is proposing to amend subsections (1)(A)—(1)(D), add subsection (1)(C), and renumber the remaining subsections accordingly.

PURPOSE: The Missouri Board for Architects, Professional Engineers and Professional Land Surveyors is statutorily obligated to enforce and administer the provisions of Chapter 327, RSMo. Pursuant to section 327.431, RSMo, the board shall by rule and regulation set the amount of fees authorized by Chapter 327, RSMo, so that the revenue produced is sufficient, but not excessive, to cover the cost and expense to the board for administering the provisions of Chapter 327, RSMo. This proposed amendment is necessary because the board's fund balance and projected revenue will not support the expenditures necessary to enforce and administer the provisions of Chapter 327, RSMo, which will result in an endangerment to the life, health, peace and safety of the public.

(1) The following reexamination fees are established by the Missouri Board for Architects, Professional Engineers and Professional Land Surveyors:

AUTHORITY: section 327.041, RSMo [Supp.1997] 2000. Original rule filed March 16, 1970, effective April 16, 1970. For intervening history, please consult the Code of State Regulations. Amended: Filed Nov. 21, 2000.

PUBLIC COST: This proposed amendment will not cost state agencies or political subdivisions more than \$500 in the aggregate.

PRIVATE COST: This proposed amendment is estimated to cost private entities an estimated annual increase of \$44,020 with a projected continuous annual increase of \$510 for the life of the rule. It is anticipated that the total annual cost will recur for the life of the rule, may vary with inflation and is expected to increase annually at the rate projected by the Legislative Oversight Committee. A detailed fiscal note, which estimates the cost of compliance with this rule, has been filed with the secretary of state.

NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed amendment with the Department of Economic Development, Missouri Board for Architects, Professional Engineers and Professional Land Surveyors, Milton F. (Milt) Barr, Executive Director, 3605 Missouri Boulevard, Suite 380, P.O. Box 184, Jefferson City, MO 65102. PROPOSED RULE

4 CSR 60-1.030 Requirement of Identification

PURPOSE: This rule explains the requirement that all licensees must have on their person a form of state identification while providing any barber service.

(1) All licensees must possess or obtain one (1) of two (2) forms of state identification. The first acceptable form of identification is an automobile driver's license from any state. The second acceptable form of identification is a Missouri state identification card. Missouri state identification cards may be obtained at any revenue office throughout the state.

(2) All licensees must carry one (1) of these forms of identification with them at all times when providing any professional barber services. Licensees must immediately produce one (1) of these forms of identification upon demand to any board inspector, to the board or its representative.

AUTHORITY: sections 328.060 and 328.150, RSMo 2000. Original rule filed Dec. 1, 2000.

PUBLIC COST: This proposed rule will not cost state agencies or political subdivisions more than \$500 in the aggregate.

PRIVATE COST: This proposed rule is estimated to cost private entities \$750 during the first year of implementation of the rule and every three years thereafter for the life of the rule. These costs will recur during the first year of implementation of the rule and every three years thereafter for the life of the rule, may vary with inflation and are expected to increase at the rate projected by the Legislative Oversight Committee. A detailed fiscal note, which estimates the cost of compliance with this rule, has been filed with the secretary of state.

**Title 4—DEPARTMENT OF ECONOMIC
DEVELOPMENT
Division 90—State Board of Cosmetology
Chapter 13—General Rules**

PROPOSED AMENDMENT

4 CSR 90-13.010 Fees. The board is amending section (1).

PURPOSE: This rule is being amended to increase the renewals fees for cosmetology operators, cosmetology instructors, cosmetology schools and cosmetology salons, in order to ensure that the board will continue to have sufficient funds to conduct its licensing and regulatory functions pursuant to section 329.210, RSMo. The board is also proposing to delete the time frame that allows cosmetologists to apply for an esthetics license without examination. Therefore, subsection (1)(T), esthetician application fee is being deleted. Subsections (1)(P), (1)(Q), and (1)(R) are also being deleted pursuant to section 610.026, which states fees for copying records shall not exceed the actual cost of document search and duplication.

(1) The following application fees hereby are established by the State Board of Cosmetology:

(C) Operator Renewal Fee	[\$ 30.00] \$50.00
(E) Instructor License/Renewal Fee	[\$ 18.00] \$30.00

(G) Operator Reinstatement Fee	[\$ 60.00] \$80.00
(H) Student/Instructor Trainee Enrollment Fee	[\$ 5.00] \$15.00
(L) School License/Renewal Fee	[\$ 370.00] \$500.00
(M) Salon License/Renewal Fee (up to and including three (3) operators)	[\$ 30.00] \$60.00
[(P)] Photocopies/Printouts Fee (initial page/copy)	\$ 2.00
[(Q)] Photocopies/Printouts Fee (per page/copy after that)	\$.50
(R) Document Search Fee (per hour)	\$ 20.00
[(S)] (P) Handling Fee (Any uncollectible check or other uncollectible financial instrument)	[\$ 15.00] \$25.00
[(T)] *Esthetician Application Fee	\$ 30.00

*[*Until July 1, 1999, any person licensed in Missouri as a Class CH or CA cosmetologist pursuant to Chapter 329, RSMo, may be licensed as an esthetician without examination if such person applies to the State Board of Cosmetology and pays a thirty-dollar (\$30) fee. After July 1, 1999, any licensed cosmetologist shall be required to complete the required training of seven hundred fifty (750) hours and pass the required examination as provided in section 329.040, RSMo, and as set forth in 4 CSR 90-3.010.]*

AUTHORITY: sections 329.110 and 329.210, RSMo [Supp. 1999] 2000. Emergency rule filed July 1, 1981, effective July 11, 1981, expired Nov. 11, 1981. Original rule filed July 1, 1981, effective Dec. 11, 1981. For intervening history, please consult the *Code of State Regulations*. Amended: Filed Dec. 1, 2000.

PUBLIC COST: This proposed amendment will not cost state agencies or political subdivisions more than \$500 in the aggregate.

PRIVATE COST: This proposed amendment is estimated to cost private entities an annual increase of \$10,550 and an estimated biennial increase of \$1,373,480 for the life of the rule. It is anticipated that this total increase will recur for the life of the rule, may vary with inflation and is expected to increase at the rate projected by the Legislative Oversight Committee. A detailed fiscal note, which estimates the cost of compliance with this rule, has been filed with the secretary of state.

NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed amendment with the Missouri State Board of Cosmetology, Pamela A. Title 4—DEPARTMENT OF ECONOMIC DEVELOPMENT

Division 200—State Board of Nursing Chapter 2—Minimum Standards for [Accredited] Approved Programs of Professional Nursing

PROPOSED AMENDMENT

4 CSR 200-2.010 [Accreditation] Approval. The board is proposing to amend sections (1)–(4). The board is also proposing to delete the forms that immediately follow the rule in the *Code of State Regulations*.

PURPOSE: This amendment changes the term “accredited” to “approval” as in accordance with the provisions of House Bill 343 of the 90th General Assembly.

(1) Generic programs granting diploma, associate degree or baccalaureate degree with a major in nursing shall obtain [accreditation] **approval** from the Missouri State Board of Nursing.

(A) Purposes of [Accreditation] Approval.

1. To promote the safe practice of professional nursing by setting minimum standards for schools preparing entry-level professional nurses.

2. To assure that educational requirements for admission to the licensure examination have been met and to facilitate endorsement in other states, territories, countries, or a combination of these.

3. To encourage continuing program improvement through self-study, evaluation and consultation.

4. To assist programs of professional nursing in developing and maintaining academic standards (didactic and clinical) that are congruent with current educational and nursing practice standards.

(B) Classification of [Accreditation] Approval.

1. Initial [accreditation] **approval** is the status granted a program of professional nursing until full [accreditation] **approval** is granted.

2. Full [accreditation] **approval** is the status granted a program of professional nursing after the program has graduated one (1) class and has met minimum standards.

3. Conditional [accreditation] **approval** is the status of a program that has failed to meet or maintain the regulations or requirements, or both, set by the board. This status is subject to the school or program conforming to the requirements set by the board.

(C) [Accreditation] Approval Process.

1. Requirements for initial [accreditation] approval.

A. An institution desiring to establish a program of professional nursing should send a letter of intent to the board at least three (3) months prior to the submission of a proposal. The letter of intent must include: the mission statement of the educational institution; [accreditation] **approval** status of the educational

institution; type and length of the nursing program proposed; and tentative budget plans including evidence of financial resources adequate for planning, implementing, and continuing the nursing program.

B. A program proposal shall be written and presented to the board by the administrator of the proposed program with or without faculty assistance. The proposal shall bear the signature of the administrator who shall meet the criteria in 4 CSR 200-2.060(2)(A) and shall be active in the position on a full-time basis at least nine (9) months and preferably one (1) year prior to the entry of the first class. Fourteen (14) copies of the proposal must be accompanied by the required application fee. [The] **The** proposal must be prepared following the reporting format and include each component as indicated in 4 CSR 200-2.010(1)(C). Board approval of the proposal with or without contingencies must be obtained no later than six (6) months prior to the anticipated opening date.

C. A proposal submitted shall contain the following information:

(I) Statement of need and feasibility study which includes:

(a) Documentation of the need for the nursing program with rationale for why the program should be established;

(b) Number of professional nursing and practical nursing programs in the area and potential effect on those nursing programs;

(c) Number and source of anticipated student population;

(d) Number and type (practical nurse, associate, diploma, and baccalaureate) of nurses available in service area;

(e) Number and type of employers in the service area including documentation that these employers need graduates of the proposed program, including projections of nursing staff needs;

(f) Documentation of community and economic development need and support for the proposed nursing program;

(g) Letters of support for the proposed nursing program; and

(h) Source of potential qualified administrator and faculty;

(II) Curriculum.

(a) Philosophy.

(b) Organizing framework.

(c) Graduate competencies.

(d) Curriculum sequence.

(e) Course objectives and descriptions including credit hours for all courses;

(III) Students.

(a) Number of students per class.

(b) Number of classes admitted per year.

(c) Admission criteria.

(d) Plans for progression and retention of students.

(e) Grievance procedure.

(f) Plan for emergency health care of nursing students;

(IV) Faculty.

(a) Number of full-time and part-time faculty.

(b) Qualifications of faculty.

(c) Position descriptions;

(V) Ancillary personnel.

(a) Position description.

(b) Number of full-time and part-time ancillary personnel;

(VI) Sponsoring institution.

(a) Evidence of authorization to conduct the program of professional nursing.

(b) [Accreditation] **Approval** status of the sponsoring institution.

(c) Description of the governing body and copies of the organizational charts of the sponsoring institution and of the program of professional nursing.

(d) Evidence of the financial stability and resources of the sponsoring institution and the program of nursing; and

(VII) Facilities.

(a) Description of education facilities (classrooms, library, offices, clinical skills laboratory, and other facilities).

(b) Description of available equipment and supplies for clinical development, list of library and learning resources and number of computers available for student use.

(c) Description of clinical sites that will provide educationally sound experience.

(d) A letter of intent from each proposed clinical site indicating that they are able to offer/provide the educational experiences necessary for student learning.

(D) Site Survey.

1. Prior to initial *[accreditation]* **approval** a representative from the board shall make an on-site survey to verify implementation of the proposal and compliance with 4 CSR 200-2.050-4 CSR 200-2.130.

(E) Board Decision.

1. Initial *[Accreditation]* **approval** will be granted if the site survey indicates the proposal has been implemented and the program is in compliance with 4 CSR 200-2.050-4 CSR 200-2.130 as determined by the board or its representative(s). Throughout the period of initial *[accreditation]* **approval**, the program will be evaluated annually. Upon graduation of the first class of students which has completed the entire program and receipt of results of the National Council Licensure Examination for Registered Nurses (NCLEX-RN® examination), the board will review—

A. The program's compliance with minimum standards during initial *[accreditation]* **approval**—including the program's adherence to the approved *[proposed]* **proposal** and changes authorized by the board;

B. Report of the on-site survey (if conducted);

C. Report of National Council Licensure Examination NCLEX® results (see 4 CSR 200-2.180(1)); and

D. Identification and analysis of student attrition rate.

2. After its review, the board will decide to continue initial *[accreditation]* **approval** for a period of not more than one (1) year, deny *[accreditation]* **approval** or grant full *[accreditation]* **approval**.

(2) Full *[Accreditation]* **Approval**.

(B) Five (5)-Year Survey. Each *[accredited]* **approved** program and each campus of each *[accredited]* **approved** program shall be surveyed every five (5) years from the first year of full *[accreditation]* **approval**. An on-site survey or a paper survey may be conducted. If a nursing program is accredited by a national recognized nursing accrediting body AND accredited by North Central Association for Schools and Colleges or the Coordinating Board for Higher Education, or the Accrediting Council for Independent Colleges and Schools, a five (5)-year on-site survey may be deferred. A paper review may be completed to include a self-study, recommendations of accrediting body, and attrition information as required by the board. Copies of correspondence regarding changes in accreditation status shall be submitted to the Board of Nursing immediately.

(3) Annual Registration.

(A) An application for annual registration shall be sent to each *[accredited]* **approved** program and each campus of each *[accredited]* **approved** program from the board. Failure to receive the application will not relieve the program of its obligation to register.

(B) A separate annual registration form and designated fee shall be submitted to the board for each *[accredited]* **approved** program and each campus of each *[accredited]* **approved** program prior to June 1.

(4) Removal of *[Accreditation]* **Approval**. A program's *[accreditation]* **approval** may be removed pursuant to section 335.071.3, RSMo, for noncompliance with minimum standards.

(B) A program which fails to correct identified deficiencies to the satisfaction of the board within a reasonable time shall, after notice and *[heating]* **hearing**, be removed from the board's listing of *[accredited]* **approved** programs.

Title 4—DEPARTMENT OF ECONOMIC DEVELOPMENT

Division 200—State Board of Nursing Chapter 3—Practical Nursing

PROPOSED AMENDMENT

4 CSR 200-3.010 *[Accreditation]* Approval. The board is proposing to amend sections (1)–(4). The board is also proposing to delete the forms that immediately follow the rule in the *Code of State Regulations*.

PURPOSE: This amendment changes the term “accredited” to “approval” as in accordance with the provisions of House Bill 343 of the 90th General Assembly.

(1) Programs of practical nursing shall obtain *[accreditation]* **approval** from the Missouri State Board of Nursing.

(A) Purposes of *[Accreditation]* **Approval**.

1. To promote the safe practice of practical nursing by setting minimum standards for schools preparing entry level practical nurses.

2. To assure that educational requirements for admission to the licensure examination have been met and to facilitate endorsement in other states, territories, countries, or any combination of these.

3. To encourage continuing program improvement through self-study, evaluation and consultation.

4. To assist programs of practical nursing in developing and maintaining academic standards (didactic and clinical) that are congruent with current educational and nursing practice standards.

(B) Classification of *[Accreditation]* **Approval**

1. Initial *[accreditation]* **approval**—is the status granted a program of practical nursing until full *[accreditation]* **approval** is granted.

2. Full *[accreditation]* **approval**—is the status granted a program of practical nursing after the program has graduated one (1) class and has met minimum standards.

3. Conditional *[accreditation]* **approval**—is the status of a program that has failed to meet or maintain the regulations or requirements, or both, set by the board. This status is subject to the school or program conforming to the requirements set by the board.

(C) *[Accreditation]* **Approval Process**.

1. Requirements for initial *[accreditation]* **approval**.

A. An institution desiring to establish a program of practical nursing should send a letter of intent to the board at least three (3) months prior to the submission of a proposal. The letter of intent must include: the mission statement of the educational institution; *[accreditation]* **approval** status of the educational institution; type and length of the nursing program proposed; and tentative budget plans including evidence of financial resources adequate for planning, implementing, and continuing the nursing program.

B. A program proposal shall be written and presented to the board by the administrator of the proposed program with or without faculty assistance. The proposal shall bear the signature of the administrator who shall meet the criteria in 4 CSR 200-3.060(2)(A) and shall be active in the position on a full-time basis for at least nine (9) months and preferably, one (1) year prior to the entry of the first class. Fourteen (14) copies of the proposal must be accompanied by the required application fee. *[The]* The proposal must be prepared following the reporting format and include each component as indicated in 4 CSR 200-3.010(1)(C). Board approval of the proposal with or without contingencies must be obtained no later than six (6) months prior to the anticipated opening date.

C. A proposal submitted shall contain the following information:

(I) Statement of Need and feasibility study which includes:

- (a) Documentation of the need for the nursing program with rationale for why the program should be established;
- (b) Number of professional nursing and practical nursing programs in the area and potential effect on those nursing programs;
- (c) Number and source of anticipated student population;
- (d) Number and type (practical nurse, associate, diploma, and baccalaureate) of nurses available in service area;
- (e) Number and type of employers in the service area including documentation that these employers need graduates of the proposed program, including projections of nursing staff needs;
- (f) Documentation of community and economic development need and support for the proposed nursing program;
- (g) Letters of support for the proposed nursing program; and
- (h) Source of potential qualified administrator and faculty;

(II) Curriculum.

- (a) Philosophy.
- (b) Graduate competencies.
- (c) Curriculum sequence.
- (d) Course objectives and descriptions including credit hours/clock hours for all courses;

(III) Students.

- (a) Number of students per class.
- (b) Number of classes admitted per year.
- (c) Admission criteria.
- (d) Plans for progression and retention of students.
- (e) Grievance procedure.
- (f) Plan for emergency health care of nursing students;

(IV) Faculty.

- (a) Number of full-time and part-time faculty.
- (b) Qualifications of faculty.
- (c) Position descriptions;

(V) Ancillary personnel.

- (a) Position descriptions.
- (b) Number of full-time and part-time ancillary personnel;

(VI) Sponsoring institution.

- (a) Evidence of authorization to conduct the program of practical nursing.
- (b) **[Accreditation] Approval** status of the sponsoring institution.
- (c) Description of the governing body and copies of the organizational charts of the sponsoring institution and of the program of practical nursing.

(d) Evidence of the financial stability and resources of the sponsoring institution and the program of nursing; and

(VII) Facilities.

- (a) Description of education facilities (classrooms, library, offices, clinical skills laboratory and other facilities).
- (b) Description of available equipment and supplies for clinical development, list of library and learning resources and number of computers available for student use.
- (c) Description of clinical sites that will provide educationally sound experiences.

(d) A letter of intent from each proposed clinical site indicating that they are able to offer/provide the educational experiences necessary for student learning.

(D) Site Survey.

1. Prior to initial **[accreditation] approval** a representative from the board shall make an on-site survey to verify implementation of the proposal and compliance with 4 CSR 200-3.050-4 CSR 200-3.130.

(E) Board Decision.

1. Initial **[accreditation] approval** will be granted if the site survey indicates the proposal has been implemented and the program is in compliance with 4 CSR 200-3.050-4 CSR 200-3.130 as determined by the board or its representative(s). Throughout the period of initial **[accreditation] approval**, the program will be evaluated annually. Upon graduation of the first class to complete the entire program and receipt of results of the National Council Licensure Examination for Practical Nurses (NCLEX-PN® examination), the board will review—

A. The program's compliance with minimum standards during initial **[accreditation] approval** including the program's adherence to the approved proposal and changes authorized by the board;

B. Report of the on-site survey (if conducted);

C. Report of the National Council Licensure Examination NCLEX® results (see 4 CSR 200-3.180(1)); and

D. Identification and analysis of student attrition rate.

2. After its review, the board will decide to continue initial **[accreditation] approval** for a period of not more than one (1) year, deny **[accreditation] approval** or grant full **[accreditation] approval**.

(2) Full **[Accreditation] Approval**.

(B) Five (5)-Year Survey. Each **[accredited] approved** program and each campus of each **[accredited] approved** program shall be surveyed every five (5) years from the first year of full **[accreditation] approval**. An on-site survey or a paper survey may be conducted. If a nursing program is accredited by a nationally recognized nursing accrediting body and accredited by the North Central Association for Schools and Colleges or the Coordinating Board for Higher Education, or the Accrediting Council for Independent Colleges and Schools, a five (5)-year on-site survey may be deferred. A paper review may be completed to include a self-study, recommendations of accrediting body, attrition information as required by the board. Copies of correspondence regarding changes in accreditation status shall be submitted to the Board of Nursing immediately.

(3) Annual Registration.

(A) An application for annual registration shall be sent to each **[accredited] approved** program and each campus of each **[accredited] approved** program from the board. Failure to receive the application will not relieve the program of its obligation to register.

(B) A separate annual registration form and designated fee shall be submitted to the board for each **[accredited] approved** program and each campus of each **[accredited] approved** program prior to June 1.

(4) Disciplinary Process.

(A) Removal of **[Accreditation] Approval**: A program's **[accreditation] approval** may be removed pursuant to section 335.071.3, RSMo, for noncompliance with minimum standards

(C) A program which fails to correct identified deficiencies to the satisfaction of the board within a reasonable time shall, after notice and hearing, be removed from the board's listing of **[accredited] approved** programs.

Title 4—DEPARTMENT OF ECONOMIC DEVELOPMENT

Division 232—Missouri State Committee of Interpreters Chapter 1—General Rules

PROPOSED AMENDMENT

4 CSR 232-1.040 Fees. The committee is proposing to amend subsection (1)(B) and (1)(D), delete subsections (1)(E) and (1)(G) and renumber subsection (1)(F) to (1)(E).

PURPOSE: During the initial rulemaking process the committee used a licensee estimate of 600 applications for licensure based upon statistics from the prior legislative fiscal notes and the Missouri Commission for the Deaf. However, once the certification process began, the committee was able to identify approximately 400 individuals that were either actively engaged in interpreting or seeking education and training to become interpreters. This decline in anticipated applicants necessitates fee increases to cover current operating costs.

The committee determined a cost reduction was in order for subsection (1)(D) because an individual is likely to only spend 1 to 2 days interpreting in Missouri. Furthermore, the temporary license is very restrictive as a person can only obtain a temporary license once a year, which is valid for only 90 days.

Subsections (1)(E) and (1)(G) are being deleted pursuant to section 610.026, which states fees for copying records shall not exceed the actual cost of document search and duplication.

(1) The following fees are established and are payable in the form of a cashier's check, personal check, or money order:

(B) Annual License Renewal Fee	\$ [60.00] 90.00
(D) Temporary License Fee	\$ [60.00] 25.00
[(E) Copy Cost (per page)]	\$ 0.50/
[(F)] (E) Insufficient Funds Check Fee	\$ 50.00
[(G) Research Fee (per hour)]	\$ 35.00/

AUTHORITY: section 209.328.2(2), RSMo [1994] 2000. Original rule filed Feb. 18, 1999, effective July 30, 1999. Amended: Filed Dec. 1, 2000.

PUBLIC COST: This proposed amendment will not cost state agencies or political subdivisions more than \$500 in the aggregate.

PRIVATE COST: This proposed amendment is estimated to cost private entities \$10,865 annually with a continuous annual increase of \$300 for the life of the rule. It is anticipated that the total annual cost will recur for the life of the rule, may vary with inflation and is expected to increase annually at the rate projected by the Legislative Oversight Committee. A detailed fiscal note, which estimates the cost of compliance with this rule, has been filed with the secretary of state.

*NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support or in opposition to this proposed amendment with the Missouri State Committee of Interpreters, Loree Kessler, Executive Director, P.O. Box 1335, Jefferson City, MO 65102. To be considered, comments must be received within thirty days after publication of this notice in the **Missouri Register**. No public hearing is scheduled.*

**FISCAL NOTE
PRIVATE ENTITY COST**

I. RULE NUMBER

Title: 4 – Department of Economic Development

Division: 232 – Missouri State Committee of Interpreters

Chapter: 1 – General Rules

Type of Rulemaking: Proposed Amendment

Rule Number and Name: 4 CSR 232-1.040 Fees

II. SUMMARY OF FISCAL IMPACT

Estimate of the number of entities by class which would likely be affected by the adoption of the proposed rule:	Classification by types of the business entities which would likely be affected:	Estimate annual cost of compliance with the rule by the affected entities:
368	Annual License Renewal Increase @ \$30.00	\$11,040
5	Temporary License Fee Decrease @ \$35.00	-\$175.00
Total annual increase		\$10,865

III. WORKSHEET

Annual License Renewal Increase @ \$30.00

Temporary License Fee Decrease @ \$35.00

IV. ASSUMPTIONS

1. The committee anticipates 368 individuals will apply for annual license renewal during the first year of implementation of the amendment. Thereafter, the committee estimates an annual growth rate of 10 licensees. Therefore, this proposed amendment is estimated to cost private entities \$11,040 during the first year of implementation of this proposed amendment with a continuous annual increase of \$300.00 for the life of the rule.
2. The committee estimates that 5 individuals will apply for a temporary license annually. Since the committee is decreasing the cost of the temporary license, the individuals are estimated to save \$175.00 annually for the life of the rule.

3. Based on statements above, the committee estimates that total cost of these proposed amendments will be \$10,865 annually with a continuous annual increase of \$300.00 for the life of the rule. It is anticipated that the total annual cost will recur for the life, may vary with inflation and is expected to increase annually at the rate projected by the Legislative Oversight Committee.

**Title 4—DEPARTMENT OF ECONOMIC
DEVELOPMENT**

**Division 232—Missouri State Committee of Interpreters
Chapter 3—Ethical Rules of Conduct**

PROPOSED AMENDMENT

4 CSR 232-3.010 General Principles. The committee is proposing to add new language in sections (2) and (19) and renumber the remaining sections accordingly.

PURPOSE: This amendment requires an interpreter to maintain current certification and prohibits practicing interpreting when there is adverse action on the certification.

(2) An interpreter must maintain a current certification with the Missouri Commission for the Deaf as defined by section 209.285(3), RSMo.

[(2)] (3) For the purpose of these rules, a consumer shall be defined as any person, persons, or entity receiving interpreting services.

[(3)] (4) An interpreter shall not accept or continue an assignment if the interpreter does not possess the ability, education, training, experience, and qualifications as defined in section 209.285(3), RSMo.

[(4)] (5) An interpreter shall convey the content and affect of the source message transmitted, in a culturally and linguistically accurate manner, using the language or communication system most readily understood by the consumer.

(A) For the purpose of these rules, message shall mean the auditory or visual information that is to be interpreted into another language or communication system.

[(5)] (6) An interpreter shall not extend or lengthen an assignment for the sole purpose of financial gain.

[(6)] (7) An interpreter shall not misrepresent her/his licensure, ability, education, training, educational credentials, or certification as defined in section 209.285(3), RSMo.

[(7)] (8) The interpreter shall not interject personal opinion during an assignment or on matters pertaining to the assignment.

[(8)] (9) The interpreter shall safeguard any information obtained relating to an assignment. If an interpreting assignment is an event open to the public, the interpreter may disclose information regarding the location of the assignment and general nature of the event.

[(9)] (10) When an assignment is not an event open to the public, an interpreter shall not disclose information relating to the assignment to include location, nature of the assignment, or individuals present during the assignment without the written consent of the consumer.

(A) For the purpose of this rule, an interpreter may disclose the general location of an assignment for the purpose of contacting the interpreter, in the event of an emergency. However, the interpreter shall remain responsible for any unauthorized disclosure of information relating to an interpreting assignment.

(B) An interpreter may reveal such information as reasonably necessary to establish a claim or defense in a legal proceeding.

[(10)] (11) The interpreter shall not accept or continue an assignment when the objectivity or competency of the interpreter is or can reasonably be expected to be impaired because of an emotional, mental, psychological, or substance abuse disorder.

[(11)] (12) The interpreter shall not accept or continue an assignment if the interpreter's inability to remain neutral affects the interpretation.

[(12)] (13) The interpreter shall not accept or continue an interpreting assignment when the objectivity or competency of the interpreter is impaired because of the interpreter's familial, sexual, and/or emotional relationship with the consumer or consumer's family.

[(13)] (14) If the interpreter discovers a need to withdraw from an assignment, the interpreter shall advise the consumer.

[(14)] (15) An interpreter shall not delegate an assignment to a person who is not qualified or does not possess the appropriate certification, as defined in section 209.285(3), RSMo, for the service to be provided.

[(15)] (16) An interpreter shall not engage in an exploitive relationship with a consumer. For the purposes of these ethical rules of conduct, an exploitive relationship is any relationship between the interpreter and consumer that may take advantage of, or cause harm to, the consumer.

[(16)] (17) An interpreter shall maintain an appearance that does not interfere with the message as defined in 4 CSR 232-3.010(4)(A).

[(17)] (18) Within the limits of the law, and after receiving written consumer consent, an interpreter shall respond to all requests for information and correspondence from the committee.

(19) An interpreter shall not practice interpreting as defined in section 209.285(3), RSMo upon the lapse, expiration, suspension, or revocation of a certification.

AUTHORITY: section 209.328.1, RSMo [1994] 2000. Original rule filed Feb. 18, 1999, effective July 30, 1999. Amended: Filed Dec. 1, 2000.

PUBLIC COST: This proposed amendment will not cost state agencies or political subdivisions more than \$500 in the aggregate.

PRIVATE COST: This proposed amendment will not cost private entities more than \$500 in the aggregate.

NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support or in opposition to this proposed amendment with the Missouri State Committee of Interpreters, Loree Kessler, Executive Director, P.O. Box 1335, Jefferson City, MO 65102. To be considered, comments must be received within thirty days after publication of this notice in the Missouri Register. No public hearing is scheduled.

PROPOSED AMENDMENT

7 CSR 10-10.050 Procedure and Schedule for Completing the Contractor Performance Questionnaire. The commission is amending section (2), section (3), and subsections (3)(A) and (3)(B).

PURPOSE: This proposed amendment revises the procedures and schedule which apply to the completion of the Contractor Performance Questionnaire.

(2) The Contractor Performance Questionnaire shall be completed in accordance with this chapter and with written instructions given the resident engineer by *[the Division of Construction]* **the Construction unit**. A copy of the current instructions may be obtained from the *[division engineer]* **state construction engineer**.

(3) Each Contractor Performance Report shall be completed *[as an Annual Report or Final Report]*. The report shall indicate its type of report. The following criteria govern each type of report and when it is complete:

(A) Annual Report. Annual reports shall be submitted/ on all projects that were active during the rated year; and

[(B) This report] will be completed within thirty (30) days after final project acceptance, but shall be completed no later than January 15, whichever comes first. Prior reports on the same contract shall not bind or govern the completion of a final report.

AUTHORITY: sections 226.020, [and] 226.130, [RSMo Supp. 1998] 227.030 and 227.100, RSMo [1994] 2000. Original rule filed Dec. 31, 1990, effective July 8, 1991. FY 200 Review Costs: \$29,916

Total Estimated Costs for FY2000 and Subsequent Years **\$29,973**

IV. ASSUMPTIONS

1. Any salary figures are based upon the present salaries of employees who will be involved in preparing, processing and reviewing the contractor performance reports.

2. The Department anticipates that as a result of this program, it will achieve an overall savings and cost reduction due to the improved construction of the state highway program. However, these savings and cost reduction figures cannot be estimated or quantified on an annual project basis, and so are not made an offset against the costs shown above.

3. Any other costs not identified in this fiscal note are unforeseeable and unquantifiable as the exact cost of the new automated system for the contractor rating system cannot be predicted.

**Title 7—DEPARTMENT OF TRANSPORTATION
Division 10—Missouri Highways and Transportation
Commission
Chapter 10—Contractor Performance Rating to
Determine Responsibility**

PROPOSED AMENDMENT

7 CSR 10-10.070 Procedure for Annual Rating of Contractors. The commission is amending sections (1), (3), and (4); paragraph (4)(A)3.; and section (5).

PURPOSE: This proposed amendment eliminates "safety" as a separate category for rating purposes.

(1) Annual Rating of Contractors. The [Division of Construction] **Construction unit** shall be responsible for the determination of the annual ratings of contractors. The [Division of Construction] **Construction unit** will annually determine a contractor's overall and category performance rating for all con-

tracts on which work was performed during the period, January 1 through December 31. The ratings for the categories Quality, [Safety,] and Contract Compliance will be based on a weighted average of the dollar value of all work completed during the rated year on all contracts. The category, Prosecution and Progress, shall use contract dollar totals for determining the contractor's performance rating.

(3) Upon the [division's] **Construction unit's** annual rating of all contractors, the ratings shall be reviewed by the [division engineer] **state construction engineer**. Upon the [division's] **Construction unit's** approval, all contractors shall be notified in writing of their annual ratings. The [Division of Construction] **Construction unit** will act on each contractor or not, based on the overall and category rating the contractor receives. These actions may range from recognizing very outstanding performance, to recommending that a contractor be declared nonresponsible.

(4) Review Process. If the contractor disagrees with any particular response on the questionnaire and cannot resolve the dispute with the resident engineer, s/he may request in writing that the district engineer review the matter. Such request must be made to the district engineer within twenty-eight (28) days from the date of the mailing of the questionnaire form to the contractor. However, the contractor's representative shall first have discussed the questionnaire response with the resident engineer in order to resolve the dispute. Upon receiving the contractor's written request to review the particular area of discrepancy on the questionnaire, the district engineer shall review the matter and provide the contractor with a written response regarding the particular area of dispute between the contractor and the resident engineer. All reports shall be submitted to the [Division of Construction] **Construction unit** before, but no later than, February 15.

(A) "Unacceptable" Rating. No request for review to the committee or to the department regarding the contractors' performance ratings is permitted or is provided under this chapter, with the exception of contractors who receive an unacceptable performance rating.

1. The contractor must have received either an unacceptable category or overall performance rating and timely discussed the dispute with the resident engineer and made a timely written request for review by the district engineer of the particular rating on the questionnaire that the contractor disagrees with as provided in this chapter.

2. The contractor shall have ten (10) working days to request an informal hearing to review an unacceptable performance rating.

3. The contractor shall submit its request for an informal hearing to the following address: Missouri Department of Transportation, [Division of] Construction, P.O. Box 270, Jefferson City, MO 65102.

(5) No Further Commission Action. As to contractor performance ratings of which no review is requested or permitted under this rule, upon the determination by the [division] **Construction unit** regarding the annual ratings of all contractors and the approval of the chief engineer of the annual ratings, the ratings of the contractors shall become final for purposes of this chapter and the effect of a level of performance. No commission action is necessary regarding the annual ratings of the contractors.

AUTHORITY: sections 226.020, [and] 226.130, [RSMo Supp. 1998] 227.030 and 227.100, RSMo [1994] 2000. Original rule filed Dec. 31, 1990, effective July 8, 1991. Emergency rescission and rule filed Nov. 20, 1997, effective Jan. 1, 1998, expired June 29, 1998. Rescinded and readopted: Filed Nov. 20, 1997, effective May 30, 1998. Emergency amendment filed Nov. 9, 1999, effective Nov. 19, 1999, expired May 16, 2000. Amended: Filed Nov. 9, 1999, effective May 30, 2000. Emergency amendment filed Dec.

1, 2000, effective Jan. 1, 2001, expires June 29, 2001. Amended: Filed Dec. 1, 2000.

PUBLIC COST: This proposed amendment is estimated to cost the Missouri Department of Transportation \$1,587 in the aggregate.

PRIVATE COST: This proposed amendment is estimated to cost less than \$500 in the aggregate to private entities, including small businesses.

NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed amendment with the Department of Transportation, Mari Ann Winters, Secretary to the Commission, P.O. Title 7—DEPARTMENT OF TRANSPORTATION Division 10—Missouri Highways and Transportation Commission

Chapter 10—Contractor Performance Rating to Determine Responsibility

PROPOSED AMENDMENT

7 CSR 10-10.080 Determination of Nonresponsibility. The commission is deleting section (1), amending section (2), and renumbering sections (2) and (3).

PURPOSE: This proposed amendment combines the probationary provisions for “overall” and “category” rating.

[(1) Overall Unacceptable Rating. Upon a contractor’s first occurrence of an unacceptable “overall” rating, the contractor shall be placed on probation by the commission. If a contractor is currently on probation and receives a second “overall” unacceptable rating, the contractor shall be declared nonresponsive and shall be suspended by the commission for a period of one (1) year. During this suspension period, no bids shall be accepted from the contractor. At the conclusion of the suspension period, the contractor shall be reinstated on a probationary status and will be allowed to bid on commission projects. Any contractor who has been previously suspended for unacceptable performance, has a current deficiency status, and receives a subsequent unacceptable overall rating shall be declared nonresponsive and shall be barred from bidding on any commission projects for a period of three (3) years. After this three (3)-year debarment has expired, the contractor may be reinstated on a probationary basis. Any deficiency status shall remain in effect until the contractor obtains an overall rating above the mean.]

[(2)](1) [Category] Unacceptable Category or Overall Rating. A contractor who receives an initial unacceptable [“category”] rating shall be placed on probation. Any contractor who is on probation and receives a second unacceptable [category] rating shall be declared nonresponsive and shall be suspended for a period of one (1) year. During this suspension period, no bids shall be accepted from the contractor. At the conclusion of this suspension period, the contractor shall be reinstated on a probationary basis and be allowed to bid on commission projects. Any contractor who has previously been suspended for unacceptable performance, has a current deficiency status, and receives a subsequent unacceptable [category] rating shall be declared nonresponsive and shall be barred from bidding on commission projects for a period of three (3) years. After the three (3)-year debarment period has

ended, the contractor may be reinstated on a probationary basis. Any deficiency status shall remain in effect until the contractor obtains an annual average category rating in all categories.

[(3)](2) Affiliates of the Contractor. Any probation, suspension or debarment of the contractor shall be equally applicable to all affiliates of the contractor.

AUTHORITY: sections 226.020, [and] 226.130, [RSMo Supp. 1997] 227.030 and 227.100, RSMo [1994] 2000. Original rule filed Dec. 31, 1990, effective July 8, 1991. Emergency rescission and rule filed Nov. 20, 1997, effective Jan. 1, 1998, expired June 29, 1998. Rescinded and readopted: Filed Nov. 20, 1997, effective May 30, 1998. Emergency amendment filed Dec. 1, 2000, effective Jan. 1, 2001, expires June 29, 2001. Amended: Filed Dec. 1, 2000.

Chapter 10—Contractor Performance Rating to Determine Responsibility

PROPOSED AMENDMENT

7 CSR 10-10.090 Reservation of Rights to Recommend or Declare Persons or Contractors Nonresponsive on Other Grounds. The commission is amending section (1).

PURPOSE: This proposed amendment reflects that the rating categories have changed from four (4) categories to three (3).

(1) Nothing in this chapter shall be construed to waive, limit or restrict the right of the chief engineer to recommend that a contractor be declared nonresponsive, if any individual rating on one (1) or more of the *[four (4)] three (3)* rating categories specified in 7 CSR 10-10.030 is so low that the chief engineer has cause to believe that the contractor cannot responsibly or competently perform contract work generally, or of a particular type or description. The commission reserves the right to declare nonresponsive any contractor which it finds to be incompetent or nonresponsive, with those terms and conditions governing the disqualification as it deems appropriate.

AUTHORITY: sections 226.020, [and] 226.130, [RSMo Supp. 1997] 227.030 and 227.100, RSMo [1994] 2000. Original rule filed Dec. 31, 1990, effective July 8, 1991. Emergency rescission and rule filed Nov. 20, 1997, effective Jan. 1, 1998, expired June 29, 1998. Rescinded and readopted: Filed Nov. 20, 1997, effective May 30, 1998. Emergency amendment filed Dec. 1, 2000, effective Jan. 1, 2001, expires June 29, 2001. Amended: Filed Dec. 1, 2000.

PUBLIC COST: This proposed amendment will not cost state agencies or political subdivisions more than \$500 in the aggregate.

PRIVATE COST: This proposed amendment will not cost private entities more than \$500 in the aggregate.

NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed amendment with the Department of Transportation, Mari Ann Winters, Secretary to the Commission, P.O. Title 10—DEPARTMENT OF NATURAL RESOURCES
Division 10—Air Conservation Commission
Chapter 2—Air Quality Standards and Air Pollution
Control Rules Specific to the Kansas City Metropolitan
Area

PROPOSED AMENDMENT

10 CSR 10-2.260 Control of Petroleum Liquid Storage, Loading and Transfer. The commission proposes to amend the rule Purpose and section (8); renumber and amend sections (2), (3), (4), (5), and (6); add new section (1) and subsections (5)(D), (6)(B), (8)(C) and (8)(D); delete sections (7), (9), (10) and subsections (2)(E) and (5)(C); and remove the forms following the rule in the *Code of State Regulations*. If the commission adopts this rule action, it will be submitted to the U.S. Environmental Protection Agency to replace the current rule in the Missouri State Implementation Plan.

PURPOSE: This proposed amendment is seeking to clarify rule language for consistency and make this rule as parallel as possible with 10 CSR 10-5.220 *Control of Petroleum Liquid Storage, Loading and Transfer*. There are changes in the pressure-vacuum valve requirement on certain tanks involved in gasoline transfer, to standardize the valves that will give more reductions in volatile organic compound emissions. The other changes to this rule concern the removal of the forms and changes to the Tank Truck Tightness Test and sticker requirements. The forms are being removed from the rule to give both industry and the department increased flexibility to amend forms more quickly. The Tank Truck Tightness Test requirements are being changed from the state standard to a more stringent federal standard to give delivery vessel operators increased flexibility at storage terminals. The evidence supporting the need for this proposed rulemaking, per section 536.016, RSMo, is the Kansas City Ozone Maintenance Plan adopted February 3, 1998, Section 175A of the Clean Air Act, the April 11, 2000, letter from the U.S. Environmental Protection Agency to the Missouri Governor, and the August 22, 2000, letter from the Missouri Governor to the U.S. Environmental Protection Agency. Both the Kansas City Ozone Maintenance Plan and Section 175A of the Clean Air Act include contingency provisions, which were triggered by violations of the one-hour ozone standard in 1995 and 1997. As requested in the U.S. Environmental Protection Agency letter, the Governor's letter makes a commitment to implement several emission control strategies, including the control requirements encompassed by this regulation, and to revise the Maintenance Plan accordingly.

PURPOSE: This [regulation further controls evaporative hydrocarbon] rule restricts volatile organic compound emissions from the handling of petroleum liquids in three specific areas[—]: petroleum storage tanks with a capacity greater than forty thousand gallons, the loading of gasoline into delivery vessels and the

transfer of gasoline from delivery vessels into stationary storage containers. Exemptions are provided for facilities [loading less than or equal to six hundred thousand gallons of gasoline per month and for] that make transfers [made] into stationary storage containers of certain sizes and types. This [regulation] rule is required in order to reduce hydrocarbon emissions in the Kansas City metropolitan area [which] that contribute to the formation of [oxidants] ozone.

[(1) Application]

[(A) This regulation shall apply only in Clay, Jackson and Platte Counties.

[(B) Definitions as specified in this regulation may be found in 10 CSR 10-6.020.]

(2) Applicability. This rule shall apply throughout Clay, Jackson and Platte Counties.

[(2)] (3) Petroleum Storage Tanks.

(A) No owner or operator of petroleum storage tanks shall cause or permit the storage in any stationary storage tank of more than forty thousand (40,000) gallons['] capacity of any petroleum liquid having a true vapor pressure of one and one-half (1.5) pounds per square inch absolute (1.5) psia or greater at ninety degrees Fahrenheit (90°F), unless the storage tank is a pressure tank capable of maintaining working pressures sufficient at all times to prevent volatile organic compound (VOC) vapor or gas loss to the atmosphere or is [designed or will be built and] equipped with one (1) of the following vapor loss control devices:

1. A floating roof, consisting of a pontoon type, double-deck type or internal floating cover or external floating cover, that [which shall] rests on the surface of the liquid contents and is equipped with a closure seal(s) to close the space between the roof edge and tank wall. Storage tanks with external floating roofs shall meet the additional following requirements:

A. The storage tank [has been] shall be fitted with either—

(I) A continuous secondary seal extending from the floating roof to the tank wall (rim-mounted secondary seal); or

(II) A closure or other device [which] approved by the staff director that controls VOC emissions with an effectiveness equal to or greater than a seal required under part [(2)](3)(A)1.A.(I) [and approved by the director] of this rule;

B. All seal closure devices shall meet the following requirements:

(I) There are no visible holes, tears or other openings in the seal(s) or seal fabric;

(II) The seal(s) is intact and uniformly in place around the circumference of the floating roof between the floating roof and the tank wall; and

(III) For vapor-mounted primary seals, the accumulated area of gaps exceeding 0.32 [cm] centimeters, one-eighth inch (1/8") width, between the secondary seal and the tank wall shall not exceed 21.2 cm² per meter of tank diameter (1.0 in² per [ft.] foot of tank diameter);

C. All openings in the external floating roof, except for automatic bleeder vents, rim space vents and leg sleeves *[are]* **shall be** equipped with—

(I) Covers, seals or lids in the closed position except when the openings are in actual use; and

(II) Projections into the tank which remain below the liquid surface at all times;

D. Automatic bleeder vents *[are]* **shall be** closed at all times except when the roof is floated off or landed on the roof leg supports;

E. Rim vents *[are]* **shall be** set to open when the roof is being floated off the leg supports or at the manufacturer's recommended setting; and

F. Emergency roof drains *[are provided with]* **shall have** slotted membrane fabric covers or equivalent covers which cover at least ninety percent (90%) of the area of the opening;

2. A vapor recovery system with all storage tank gauging and sampling devices gas-tight, except when gauging or sampling is taking place. The vapor disposal portion of the vapor recovery system shall consist of an adsorber system, condensation system, **incinerator** or equivalent vapor disposal system that processes the vapor and gases from the equipment being controlled; *[and]* **or**

3. Other equipment or means of equal efficiency for purposes of air pollution control as *[may be]* approved by the **staff** director.

(B) Control equipment described in paragraph *[(2)](3)(A)1. of this rule* shall not be *[permitted]* **allowed** if the *[gasoline or]* petroleum liquid *[stored]* **other than gasoline** has a true vapor pressure of 11.1 psia or greater at ninety degrees Fahrenheit (90°F). All storage tank gauging and sampling devices shall be *[built so as to be]* gas-tight except when gauging or sampling is *[to take]* taking place.

(C) **Owners and operators of [P]petroleum storage tanks** subject to this section *[must keep complete]* **shall maintain written** records of *[routine and unscheduled]* maintenance **(both routine and unscheduled) performed on the tanks, all repairs [and of all] made, the results of all tests [conducted. Also to be recorded are] performed and the type and [quantities] quantity of petroleum liquid[s] stored in [affected storage tanks] them. The [R]records shall be [kept] maintained for two (2) years and [shall be] made available to the staff director upon request.**

(D) This section shall not apply to petroleum storage tanks **which—**

1. *[Where petroleum or condensate is stored, processed, treated, or a combination of these,] Are used to store processed and/or treated petroleum or condensate when it is stored, processed and/or treated at a drilling and production installation prior to custody transfer;*

2. *[That c)]Contain a petroleum liquid with a true vapor pressure less than 27.6 [kilo pascals] kilopascals (kPa) (4.0 psia) at ninety degrees Fahrenheit (90°F) [—*

A. *Are of welded construction; and*

B. *Presently possess a metallic-type shoe seal, a liquid-mounted liquid-filled-type seal or other closure device of demonstrated equivalence approved by the director];*

3. *Are [O]of welded construction, and equipped with a metallic-type shoe primary seal and have a shoe-mounted secondary seal or closure devices of demonstrated equivalence approved by the staff director; or*

4. *[Which a)]Are used to store waxy, heavy pour crude oil.*

[(E) Any owner or operator of a petroleum liquid storage tank who must install a secondary seal or equivalent in order to achieve compliance, shall meet the applicable increments of progress contained in the following schedule:

1. *Submit final plans for the emission control system before December 15, 1980;*

2. *Award contracts for the emission control system before February 1, 1981;*

3. *Initiate on-site construction or installation of the emission control equipment before April 15, 1981;*

4. *Complete on-site construction or installation of the emission control equipment before August 15, 1981; and*

5. *Achieve final compliance before October 1, 1981.]*

[(3)] (4) Gasoline Loading.

(A) No owner or operator of a gasoline loading installation or delivery vessel shall cause or permit the loading of gasoline into any delivery vessel from *[any]* a loading installation unless the loading installation is equipped with a vapor recovery system or *[its]* equivalent. **This system or system equivalent shall be** approved by the **staff** director and the delivery vessel *[is]* **shall be** in compliance with *[sub]section [(5)(A)](6) of this [regulation] rule.*

(B) Loading shall be accomplished in a manner that the displaced vapors and air will be vented only to the vapor recovery system. Measures shall be taken to prevent liquid drainage from the loading device when it is not in use or to accomplish complete drainage before the loading device is disconnected. The vapor disposal portion of the vapor recovery system shall consist of one (1) of the following:

1. An adsorber system, condensation system, **incinerator** or equivalent vapor disposal system that processes the vapors and gases from the equipment being controlled and limits the discharge of VOC into the atmosphere to *[0.30 grams] ten (10) milligrams* of VOC vapor per *[gallon] liter* of gasoline loaded;

2. A vapor handling system that directs the vapor to a fuel gas system; or

3. Other equipment of an efficiency equal to or greater than paragraph *[(3)](4)(B)1. or 2. of this rule* if approved by the **staff** director.

(C) Owners *[or]* **and** operators of loading installations subject to this section shall *[keep]* **maintain** complete records documenting the number of delivery vessels loaded and their owners. **The [R]records shall be [kept] maintained for two (2) years and [shall be] made available to the staff director upon request.**

(D) This section shall not apply to loading installations whose average monthly throughput of gasoline is less than or equal to one hundred twenty thousand (120,000) gallons when averaged over the most recent calendar year, provided that the installation loads gasoline by submerged loading.

1. To maintain *[their]* the exemption, these installations shall submit to the **staff** director **on a form supplied by the department** by February 1 of each year, a report stating gasoline throughput for each month of the previous calendar year. *[The report form is found in section (10) of this rule.] After the effective date of this rule, any revision to the department supplied forms will be presented to the regulated community for a forty-five (45) day comment period.*

2. Delivery vessels purchased after the effective date of this rule shall be Stage I equipped.

3. A loading installation that fails to meet the requirements of the exemption for one (1) calendar year shall not qualify for the exemption again.

4. To maintain the exemption owners or operators shall maintain records of gasoline throughput and gasoline delivery.

5. Delivery vessels operated by an exempt installation shall not deliver to Stage I controlled tanks unless the delivery vessel is equipped with and employs Stage I controls.

[(4) Gasoline Transfer.

(A) No owner or operator of a stationary storage tank or delivery vessel shall cause or permit the transfer of gasoline from any delivery vessel into any stationary storage tank with a capacity greater than two thousand (2000)

gallons unless the storage tank is equipped with a submerged fill pipe and a vapor recovery system or other system of an equal vapor control efficiency if approved by the director and the delivery vessel is in compliance with subsection (5)(A) of this regulation. Stationary storage tanks with a capacity of two hundred fifty to two thousand (250–2000) gallons shall be equipped with a submerged fill pipe.

1. The vapor recovery system shall collect no less than ninety percent (90%) by volume of the vapors displaced from the stationary storage tank during gasoline transfer and return the vapors via a vapor-tight return line to the delivery vessel.

2. The vapor recovery system shall be constructed to ensure that the vapor-tight return line is connected before gasoline can be transferred into the stationary storage tank.

3. A delivery vessel may be refilled within Platte, Jackson and Clay Counties only at installations complying with provisions of section (3).

4. This section shall not be construed to prohibit safety valves or other devices required by governmental safety regulations.

(B) The provisions of subsection (4)(A) shall not apply to the following:

1. Stationary storage tanks having a capacity less than or equal to two thousand (2000) gallons used exclusively for the fueling of implements of agriculture;

2. Stationary storage tanks having a capacity less than or equal to two thousand (2000) gallons installed prior to June 12, 1986; and

3. Transfer made to storage tanks equipped with floating roofs or their equivalent.

(C) The owners or operators of stationary storage tanks subject to this section shall keep records documenting the number of delivery vessels unloaded and their owners. Records shall be kept for two (2) years and shall be made available to the director upon request.]

(5) Gasoline Transfer.

(A) No owner or operator of a gasoline storage tank or delivery vessel shall cause or permit the transfer of gasoline from a delivery vessel into a gasoline storage tank with a capacity greater than two thousand (2,000) gallons unless—

1. The storage tank is equipped with a submerged fill pipe extending unrestricted to within six inches (6") of the bottom of the tank, and not touching the bottom of the tank, or the storage tank is equipped with a system that allows a bottom fill condition;

2. All storage tank caps and fittings are vapor-tight when gasoline transfer is not taking place; and

3. Each storage tank is vented via a conduit that is:

A. At least two inches (2") inside diameter;

B. At least twelve feet (12') in height above grade; and

C. Equipped with a pressure/vacuum valve that is CARB certified at three inches water column pressure/eight inches water column vacuum (3"wc/8"wcv) except when the owner or operator provides documentation that the system is CARB certified for a different valve and will not function properly with a 3"wc/8"wcv valve.

(B) Stationary storage tanks with a capacity of two hundred fifty to two thousand (250–2,000) gallons shall also be equipped with a Stage I vapor recovery system and the delivery vessels to these tanks shall be in compliance with section (6) of this rule.

1. The vapor recovery system shall collect no less than ninety percent (90%) by volume of the vapors displaced from the stationary storage tank during gasoline transfer and shall return the vapors via a vapor-tight return line to the delivery

vessel. After the effective date of this rule, all coaxial systems shall be equipped with poppeted fittings.

2. A delivery vessel shall be refilled only at installations complying with the provisions of section (4) of this rule.

3. This section shall not be construed to prohibit safety valves or other devices required by governmental regulations.

(C) The owner or operator of stationary storage tanks subject to this section shall keep records documenting the vessel owners and number of delivery vessels unloaded by each owner. Records shall be kept for two (2) years and shall be made available to the staff director within five (5) days of a request. The owner or operator shall retain on-site copies of the loading ticket, manifest or delivery receipt for each grade of product received, subject to examination by the staff director upon request. If a delivery receipt is retained rather than a manifest or loading ticket, the delivery ticket shall bear the following information: vendor name, date of delivery, quantity of each grade, point of origin, and the manifest or loading ticket number. The required retention on-site of the loading ticket, manifest or delivery receipt shall be limited to the four (4) most recent records for each grade of product.

(D) The provisions of subsection (5)(B) of this rule shall not apply to transfers made to storage tanks equipped with floating roofs or their equivalent.

(E) The provisions of subsections (5)(A)–(D) of this rule shall not apply to stationary storage tanks having a capacity less than or equal to two thousand (2,000) gallons used exclusively for the fueling of implements of agriculture or were installed prior to June 12, 1986.

[(5)] (6) Gasoline Delivery Vessels.

(A) No owner or operator of a gasoline delivery vessel shall operate or use a gasoline delivery vessel which is loaded or unloaded at an installation subject to sections [(3)](4) or [subsection (4)(A)](5) of this rule unless [the delivery vessel is]—

1. The delivery vessel is [T]tested annually to demonstrate compliance with the test method specified in 40 CFR part 63, subpart R, section 63.425(e); [that it will sustain a pressure change of no more than seven hundred fifty (750) pascals (3 in. of H₂O) in five (5) minutes when pressurized to a gauge pressure of four thousand five hundred (4500) pascals (18 in. of H₂O) or evacuated to a gauge pressure of fifteen hundred (1500) pascals (6 in. of H₂O). Testing of delivery vessels that have rubber hoods shall take place in the time period of January 1 through May 30 of each year, and shall be in accordance with the test procedure specified in 10 CSR 10-6.030(14)(B). Testing of delivery vessels that have aluminum hoods shall take place in the time period of January 1 through December 31 of each year and shall be in accordance with the test procedures specified in 10 CSR 10-6.030(14)(B).]

2. [Upon successful completion of the leak test, t/The owner or operator [shall] obtains the completed test results signed by a representative of the testing facility upon successful completion of the leak test. Blank test certification application forms for the test results will be provided to the testing facilities by the [director] department. [The leak test application form is found in section (10) of this rule.] After the effective date of this rule, any revision to the department supplied forms will be presented to the regulated community for a forty-five (45)-day comment period. The owner or operator shall send a copy of the signed successful test results to the staff director. The staff director, upon receipt of acceptable test results, shall issue, upon receipt of acceptable test results,] an official sticker to the owner or operator[.];

3. [This] The Missouri sticker [shall be] placed on the upper left portion of the back end of the vessel[.]; [An owner or operator of a gasoline delivery vessel who can demon-

strate to the satisfaction of the director that the vessel has passed a current annual leak test in another state shall be deemed to have satisfied the requirements of this paragraph, where the other state's leak test program must be subject to the same gauge pressure requirements and test procedures as specified in this paragraph; and]

[2.] 4. The delivery vessel is [R]repaired by the owner or operator and retested within fifteen (15) days of testing if it does not meet the leak test criteria of subsection [(5)](6)(A) of this [regulation] rule; and

5. A copy of the vessel's current Tank Truck Tightness Test results are kept with the delivery vessel at all times and made immediately available to the staff director upon request.

(B) An owner or operator of a gasoline delivery vessel who can demonstrate to the satisfaction of the staff director that the vessel has passed a current annual leak test in another state shall be deemed to have satisfied the requirements of paragraph (6)(A)1. of this rule, if the other state's leak test program requires the same gauge pressure and test procedures as the test specified in paragraph (6)(A)1. of this rule. The owner or operator shall apply for a Missouri sticker and display the Missouri sticker on the upper left portion of the back end of the delivery vessel.

[(B)] (C) Owners [or] and operators of gasoline delivery vessels shall [keep] maintain written records of all tests and maintenance performed on the vessels. The records shall be maintained for [not less than] two (2) years and [these records shall be] made available to the staff director upon request.

[(C)] Any owner or operator of a delivery vessel subject to this regulation shall be in compliance by January 1, 1981, with the exception of the annual testing certification and recordkeeping requirements in subsection (5)(A), which shall be met by July 2, 1990.]

(D) This section shall not be construed to prohibit safety valves or other devices required by governmental [safety] regulations.

[(6)] (7) **Owner/Operator Compliance.** The owner or operator of a vapor recovery system subject to this [regulation] rule shall—

(A) [Design and o]perate the vapor recovery system and the gasoline loading equipment in a manner that prevents—

1. Gauge pressure from exceeding four thousand five hundred (4,500) pascals (eighteen inches (18") [in.] of H₂O) in the delivery vessel;

2. A reading equal to or greater than one hundred percent (100%) of the lower explosive limit (LEL), measured as propane[)] at two and one-half (2.5) centimeters from all points on the perimeter of a potential leak source when measured by the method referenced in 10 CSR 10-6.030(14)(E) during loading or transfer operations; and

3. Visible liquid leaks during loading or transfer operation;

(B) Repair and retest within fifteen (15) days, a vapor recovery system that exceeds the limits in [sub]section [(6)](A)[(7)] of this [regulation] rule; and

(C) [Keep] Maintain written records of inspection reports, enforcement documents, gasoline deliveries, routine and unscheduled maintenance and repairs and [of] all results of tests conducted. The [R]records shall be [kept] maintained for two (2) years and [shall be] made available to the staff director upon request.

[(7)] The staff director, at any time, may monitor a delivery vessel or vapor recovery system by the method referenced in subsection (8)(A) to confirm continuing compliance with section (5) or (6) of this regulation.]

(8) Testing and Monitoring Procedures and Reporting.

(A) Testing and monitoring procedures to determine compliance with section [(5)](6) of this rule and confirm the continuing exis-

tence of leak-tight conditions shall be [as described in] conducted using the method referenced in 10 CSR 10-6.030(14)(B).

(B) Testing procedures to determine compliance with paragraph [(3)](4)(B)1. of this rule shall be [as described in] conducted using the method referenced in 10 CSR 10-6.030(14)(A).

(C) The staff director, at any time, may monitor a delivery vessel, vapor recovery system or gasoline loading equipment by a method determined by the staff director to confirm continuing compliance with this rule.

(D) An annual staff director-approved back pressure blockage test and/or air-to-liquid test may be required. Additional testing may also be required by the staff director in order to determine proper functioning of vapor recovery equipment.

[(9)] Compliance.

(A) Compliance with this rule by each affected loading installation with an average monthly throughput of gasoline greater than six hundred thousand (600,000) gallons, when averaged over the most recent calendar year, shall be achieved according to the following schedule:

1. By October 1, 1979—submit to the director the final control plan;

2. By March 1, 1980—initiate on-site construction or installation of control equipment; and

3. By April 15, 1981—achieve final compliance.

(B) Compliance with this regulation by each affected loading installation with an average monthly throughput equal to or greater than one hundred twenty thousand (120,000) and equal to or less than six hundred thousand (600,000) gallons of gasoline, when averaged over the most recent calendar year, shall be achieved according to the following schedule:

1. By September 12, 1985—submit to the director the final control plan;

2. By March 12, 1986—initiate on-site construction or installation of control equipment; and

3. By August 12, 1986—achieve final compliance.

(C) Compliance with section (4) of this regulation shall be achieved according to the following schedule:

1. By October 1, 1986—submit to the director the final control plan;

2. By March 1, 1987—initiate on-site construction or installation of control equipment; and

3. By December 31, 1987—achieve final compliance.

AUTHORITY: section 643.050, RSMo [1986] 2000. Original rule filed Jan. 15, 1979, effective June 11, 1979. Amended: Filed Oct. 15, 1979, effective March 13, 1980. Amended: Filed March 13, 1980, effective Sept. 12, 1980. Amended: Filed Nov. 2, 1984, effective May 11, 1985. Amended: Filed Feb. 4, 1986, effective May 29, 1986. Amended: Filed Sept. 1, 1987, effective Dec. 24, 1987. Amended: Filed Nov. 27, 1989, effective May 24, 1990. Amended: Filed May 15, 1995, effective Dec. 30, 1995. Amended: Filed Dec. 1, 2000.

PUBLIC COST: This proposed amendment will not cost state agencies or political subdivisions more than \$500 in the aggregate.

PRIVATE COST: This proposed amendment will cost \$50,630 in the aggregate.

NOTICE OF PUBLIC HEARING AND NOTICE TO SUBMIT COMMENTS: A public hearing on this proposed amendment will

begin at 9:00 a.m., February 6, 2001. The public hearing will be held at the Governor Hotel State Office Building, 300 Madison Street, Grand Ballroom, Jefferson City, Missouri. Opportunity to be heard at the hearing shall be afforded any interested person. Written request to be heard should be submitted at least seven days prior to the hearing to Roger D. Randolph, Director, Air Pollution Control Program, 205 Jefferson Street, P.O. Box 176, Jefferson City, MO 65102-0176, (573) 751-4817. Interested persons, whether or not heard, may submit a written statement of their views until 5:00 p.m., February 13, 2001. Written comments shall be sent to Chief, Planning Section, Air Pollution Control Program, 205 Jefferson Street, P.O. Box 176, Jefferson City, MO 65102-0176.

FISCAL NOTE PRIVATE ENTITY COST

I. RULE NUMBER

Title: 10 - Department of Natural Resources

Division: 10 - Air Conservation Commission

Chapter: 2 - Air Quality Standards and Air Pollution Control Rules Specific to the Kansas City Metropolitan Area

Type of Rulemaking: Amendment

Rule Number and Name: 10 CSR 10-2.260 - Control of Petroleum Liquid Storage, Loading and Transfer

II. SUMMARY OF FISCAL IMPACT

Estimate of the number of entities by class which would likely be affected by the adoption of the proposed rule:	Classification by types of the business entities which would likely be affected:	Estimate in the aggregate as to the cost of compliance with the rule by the affected entities:
418	Gasoline Retail Stations	\$50,630
152	Petroleum Delivery Companies	No additional costs

III. WORKSHEET

Total # of Stations ¹	418
Cost for approved Husky brand Pressure/Vacuum valves	\$ 87.21
Cost for approved OPW brand Pressure/Vacuum valves	\$ 74.29
Average	\$ 80.75
Cost @ 3per station ⁴	\$ 242.25
Total cost if zero compliant with 3 @ each station	\$101,260.50
Percent of stations presently compliant ²	50%
Estimated cost	\$ 50,630.25
Increased Inspection and Maintenance costs ³	\$ 0.00

IV. ASSUMPTIONS

1. The amount of retail gasoline stations in 1996 was 488 and currently is at 418. The assumption follows that the amount of stations would stay at the present level, as fewer, larger facilities are the current trend.
2. There is more than 50% compliance with regard to the pressure/vacuum valve requirement in the affected area, so 50% was used.
3. All of the stations have Pressure/Vacuum valves. CARB approved or not, so it is assumed that there are no increased inspection and maintenance costs due to this rulemaking.
4. Gasoline stations commonly share ventilation between tanks where only one pressure/vacuum valve is used. Some choose to have a pressure/vacuum valve on each tank. At the most, the majority of station will have three tanks, and for this purpose, three pressure/vacuum valves per station was used for this estimate.

Title 13—DEPARTMENT OF SOCIAL SERVICES
Division 15—Division of Aging
Chapter 9—Certification

PROPOSED AMENDMENT

13 CSR 15-9.010 General Certification Requirements. The division proposes to amend the Purpose statement, amend sections (1), (2), (4), (6), (7), (9), (12) and (13), delete sections (10) and (14), and renumber sections (11) through (16) accordingly, and delete the forms that follow the rule in the *Code of State Regulations*.

PURPOSE: This proposed amendment is to update this rule for clarity and to insure compliance with current federal definitions and procedures, and to include current regulatory references.

PURPOSE: This rule sets forth application procedures and general certification requirements for nursing facilities certified under the Title XIX (Medicaid) program and skilled nursing facilities under Title XVIII (Medicare), and procedures to be followed by nursing facilities when requesting a nurse staffing waiver [and requirements for notification of residents of right to appeal prior to transfer].

PUBLISHER'S NOTE: The publication of the full text of the material that the adopting agency has incorporated by reference in this rule would be unduly cumbersome or expensive. Therefore, the full text of that material will be made available to any interested person at both the the Office of the Secretary of State and the office of the adopting agency, pursuant to section 536.031.4 RSMo. Such material will be provided at the cost established by state law.

(1) Definitions.

[(A) Alternate remedy, a sanction as a result of non-compliance with federal regulations imposed upon a facility participating in the Medicare or Medicaid program, as provided by federal statute, including denial of payment for new admissions.]

[(B)](A) Certification[,/] means the determination by the Division of Aging or the Health Care Financing Administration that a skilled nursing or intermediate care facility (SNF/ICF) is in compliance with all federal requirements and is approved to participate in the Medicaid or Medicare programs.

[(C) Credible allegation of compliance letter, a letter submitted by a provider to the division, following a determination by the division that a facility is out of compliance with one (1) or more level A requirements, which indicates the facility has taken measures to correct the level A deficiencies and requests that a revisit be done.

[(D) Denial of payment for new admissions, an alternate remedy recommended to the Division of Medical Services by the Division of Aging by which the facility shall not admit new Medicaid residents for a period of time specified by the division not to exceed a date six (6) months from the date of survey.]

[(E)](B) Distinct part[, a unit within a facility organized and operated to give a distinct type of care within a larger organization rendering other levels of care.] means a portion of an institution or institutional complex that is certified to provide SNF or NF services. [This unit] A distinct part must be physically [identifiable and be organized and operated distinguishably from the rest of the] distinguishable from the larger institution and must consist of all beds within [that unit—such as] the designated area. The distinct part may be a separate building, floor, wing, ward, hallway or several rooms at one end of a hall or one side of a corridor.

[(F)](C) Division[,/] means the Division of Aging (DA), Missouri Department of Social Services.

[(G)](D) HCFA[,/] means the Health Care Financing Administration section of the United States Department of Health and Human Services (HHS).

[(H)](E) ICF/MR[,/] means intermediate care facility for mentally retarded.

[(I) Level A requirement, a major requirement contained in 42 CFR chapter IV, part 483, subpart B with which a Medicaid- or Medicare-certified facility must be in compliance in order to be initially certified or remain certified.]

[(J)](F) Medicaid[,/] means Title XIX of the federal Social Security Act.

[(K)](G) Medicare[,/] means Title XVIII of the federal Social Security Act.

[(L)](H) Nursing facility (NF)[,/] means an SNF or ICF licensed under Chapter 198, RSMo which has signed an agreement with the Department of Social Services to participate in the Medicaid program and which is certified by the Division of Aging.

[(M) Reasonable assurance period, a period of between sixty and one hundred eighty (60–180) days during which a facility decertified from participating in the Medicaid or Medicare program, or both, must maintain compliance before it can be reconsidered for participation in the program from which decertified.]

[(N)](I) Skilled nursing facility (SNF)[,/] means an SNF licensed under Chapter 198, RSMo which has a signed agreement with the HCFA to participate in the Medicare program and which has been recommended for certification by the Division of Aging.

[(O)](J) Title XVIII[,/] means the Medicare program as provided for in the federal Social Security Act.

[(P)](K) Title XIX[,/] means the Medicaid program as provided for in the federal Social Security Act.

(2) An operator of an SNF or ICF licensed by the division wishing to be certified as a provider of skilled nursing services under the Title XVIII (Medicare) or NF services under the Title XIX (Medicaid) program of the Social Security Act or an operator of a facility wishing to be certified as an ICF/MR facility under Title XIX shall submit application materials to the division as required by federal law and shall comply with standards set forth by the United States Department of HHS in 42 CFR chapter IV, part 483, subpart B for nursing homes and 42 CFR chapter IV, part 483, subpart [D] I for ICF/MR facilities, as appropriate.

(A) For Medicaid, the application shall include:

1. Form HCFA 671, Long Term Care Facility Application for Medicare and Medicaid;
2. Form HCFA 1513, Disclosure of Ownership and Control Interest Statement; and
3. Form DA-113, Bed Classification for Licensure and Certification by Category.

(B) For Medicare, the application shall include:

1. Form HCFA 671, Long Term Care Facility Application for Medicare and Medicaid;
2. [Form HCFA 1513, Disclosure of Ownership and Control Interest Statement] Form HCFA 855, Health Care Provider/Supplier Application;
3. Expression of Intermediary Preference Form;
- 3./4. Form DA-113, Bed Classification for Licensure and Certification by Category;
- 4./5. [Two (2)] Three (3) copies of form HCFA 1561, Health Insurance Benefit Agreement;
- 5./6. Two (2) copies of form HCFA 2572, Statement of Financial Solvency; and
- 6./7. Three (3) copies of form HHS 690, Assurance of Compliance.

(D) All SNFs or NFs [licensed and certified prior to October 1, 1995 shall submit to the division the initial

certification fee of one thousand dollars (\$1,000) prior to October 1, 1995. Subsequently, in order to maintain certification in the Medicaid or Medicare program(s), all SNFs or NFs/ certified to participate in the Medicaid or Medicare program(s) shall submit to the division an annual certification fee of one thousand dollars (\$1,000) prior to October 1 of each year. If the fee is not received by that date each year, a late fee of fifty dollars (\$50) per month shall be payable to the division. If payment of any fees due is not received by the division by the time the facility license expires or by December 31 of that year, whichever is earlier, the division shall notify the Division of Medical Services and the Health Care Financing Administration recommending termination of the Medicaid or Medicare agreement as denial of license will occur as provided in 13 CSR 15-10.010 and section 198.022, RSMo.

(4) Any facility certified for participation as an NF in the Title XIX Medicaid program wishing to participate in the Title XVIII Medicare program shall submit an application signed and dated to the division's central office. The division will recommend Medicare certification to the HCFA effective the date the application material is received by the division or a subsequent date if requested by the provider, provided the facility was in compliance with all federal and state regulations for SNFs at the last survey conducted by the division and provided the facility's application is complete **and has been approved by the Medicare fiscal intermediary.**

(6) For newly certified facilities, the facility will be certified for either Medicare or Medicaid participation effective the date the facility receives a license at the proper level or the date the facility *[administrator has signed an acceptable plan of correction for deficiencies cited at the survey] achieves substantial compliance with the federal participation requirements,* whichever is the later date. *[The facility shall be in compliance with state and federal regulations at the initial certification survey conducted by the division.]* The application shall be completed. *[and, f/For certification in the Title XVIII (Medicare) program, the Medicare fiscal intermediary must approve the application and the HCFA must concur with the division's recommendation.*

(7) The division shall conduct federal surveys *[for both the initial and recertification purposes]* in SNFs, NFs and ICF/MR facilities, utilizing regulations and procedures contained in—

(A) *The State Operations Manual (SOM) (HCFA Publication 7);*

(B) *The [Health Standards and Quality] Survey and Certification* Regional letters received by the division from the HCFA regional office in Kansas City;

(D) For ICF/MR facilities, federal regulation 42 CFR chapter IV, part 483, subpart *[D] I.*

(9) If a facility certified to participate in the Title XIX (Medicaid) or Title XVIII (Medicare) program wishes to *[reduce or increase the number of beds in the facility which are certified,] change the size or location of its distinct part, it must submit a written request [shall be submitted] to the [Licensure/c/Certification u/Unit or the ICF/MR Unit of the division for the ICF/MR unit of the Department of Social Services], as applicable. The request shall specify the room numbers involved, the number of beds in each room and the [effective date] facility fiscal year end date. [Bed increases shall be limited to two (2) increases per facility fiscal year. Requests for bed decreases or changes in location may be made at any time. Prior to approval of the request, the request shall be reviewed and approved by the appropriate division regional office and the facility shall complete and*

sign a new] The request must include a floor diagram of the facility and a signed DA-113 form, Bed Classification for Licensure and Certification by Category. A facility is allowed two (2) changes in the size of its distinct part during the facility fiscal year. This may be two (2) increases or one (1) increase and one (1) decrease. It may not be two (2) decreases. The first change can be done only at the beginning of the fiscal year and the second change can be done effective at the beginning of a calendar quarter within that fiscal year. All requests must be submitted to the Licensure/Certification Unit or the ICF/MR Unit of the division at least forty-five (45) days in advance. Any facility wishing to eliminate its distinct part to go to full certification may do so effective at the beginning of the next fiscal year with forty-five (45) days notice. The distinct part may be reestablished only at the beginning of the next fiscal year. A facility may change the location of the distinct part with thirty (30) days notice to the Licensure/Certification Unit or the ICF/MR Unit of the division.

[(10) If a facility certified to participate in the Title XIX (Medicaid) program wishes to decertify a bed(s) for a temporary period to assist a resident(s) who is applying for benefits under the division of assets provision of the federal Catastrophic Health Care Act of 1988, a written request shall be submitted to the licensure/certification unit of the division. The request shall specify the room number(s) and number of beds per room and that the purpose is to implement the division of assets provision of the Medicare Catastrophic Health Care Act. It shall also specify that the decrease is temporary and shall indicate the beginning and ending date of the temporary period. The beds decertified need not be contiguous.]

[(11)](10) If a facility certified to participate in the Title XIX (Medicaid) or Title XVIII (Medicare) program undergoes a change of operator, the new operator shall submit an application as specified in section (2) of this rule. The application shall be submitted within five (5) working days of the change of operator. For applications made for the Title XIX (Medicaid) program, the division shall provide the application to the Division of Medical Services of the Department of Social Services so that a provider agreement can be negotiated and signed. For applications made for the Title XVIII (Medicare) program, the division shall provide the application to the HCFA. Certification status will be retained unless or until formally denied.

[(12)](11) If it is determined by the division that a facility certified to participate in Medicaid or Medicare does not comply with federal regulations at the time of a federal survey, complaint investigation or state licensure inspection, [a revisit will be conducted approximately forty (40) days following the completion of the federal survey, complaint investigation or state licensure inspection to determine if the facility has achieved compliance if the facility submits to DA a credible allegation of compliance letter. The credible allegation of compliance letter must be received by the division within thirty-five (35) days of the completion date of the survey. If the facility is not in compliance with federal regulations following the revisit or had not submitted a credible allegation of compliance letter within thirty-five (35) days of the survey completion date, the division shall take enforcement action as provided in sections 198.026 and 198.067, RSMo, and in 42 U.S.C. 1396(r). This includes decertification and the alternate remedies as given in sections 1819(h) and 1919(h) of the Social Security Act. If a facility has been found out of compliance with any of the level A requirements, quality of care, quality of life, residents' rights, and resident behavior and facility practices on three

(3) consecutive surveys, the alternate remedies, denial of payment for new admissions and state monitoring will automatically be imposed and will continue until the facility has demonstrated to the satisfaction of the state that it is in compliance with federal requirements and that it will remain in compliance.] the division shall utilize regulations and procedures contained in the following sources which are incorporated by reference in this rule:

- (A) 42 CFR chapter IV, part 431, subpart D;
- (B) 42 CFR chapter IV, part 442;
- (C) 42 CFR chapter IV, subparts E and F;

- (H) Sections 198.026 and 198.067, RSMo; and
- (I) 13 CSR 70-10.015 and 13 CSR 70-10.030.

[(13)](12) If a facility certified to participate in the Medicaid Title XIX or Title XVIII Medicare program has been decertified as a result of noncompliance with the federal [regulations] requirements, the facility can be readmitted *only when the reasons for the decertification no longer exist, there is reasonable assurance that they will not recur and all state and federal statutory and regulatory requirements are fulfilled. If the facility operator requests readmission of the facility into certified status, the operator shall submit a letter to the division alleging that the reasons for the decertification no longer exist. If the information provided in the letter is sufficient, a revisit will be conducted by the division staff, concentrating on the areas that caused the decertification action. If the facility has achieved compliance, a time frame referred to as reasonable assurance period, will be established. The reasonable assurance period will be between sixty and one hundred eighty (60–180) days and will be determined based upon the provider's compliance history and correction of deficiencies on which decertification was based. For Title XIX Medicaid, the reasonable assurance period will be set by the division. For Title XVIII Medicare, it will be set by the HCFA. The facility shall maintain compliance without recurrence of the deficiencies which were the basis for decertification during the reasonable assurance period. Division staff will monitor the facility to assure the facility maintains compliance. Just prior to the end of the reasonable assurance period, the division shall conduct a full federal survey. If the facility is found not in compliance or does not maintain compliance during the reasonable assurance period, the decertification shall remain in effect.] to the Medicaid program by submitting an application for initial participation in the Medicaid program, and must also comply with all federal participation requirements. The effective date of participation will be the date the facility is found in substantial compliance with all federal requirements.*

[(14) If a facility certified to participate in the Title XIX Medicaid or Title XVIII Medicare program has been placed under an alternate remedy as a result of noncompliance with federal regulations, the alternate remedy can be lifted only if the facility has corrected all level A deficiencies. To request a revisit, the facility shall submit a credible allegation of compliance letter to the division. If the letter is approved, a revisit will be conducted by division staff. If it has been determined that for Title XIX Medicaid, compliance has been achieved with all level A requirements, the division will lift the alternate remedy; for Title XVIII Medicare, the results of the revisit will be submitted to the

HCFA for a decision. For a facility that is Medicare/Medicaid-certified, the HCFA decision is binding for both Medicare and Medicaid. If the facility fails to achieve compliance, the division will proceed with decertification actions as specified in sections 1819(h) and 1919(h) of the Social Security Act and sections (12) and (13) of this rule.]

[(15)](13) If a change in the administrator or the director of nursing of a facility occurs, the facility shall provide written notice to the division's central office at the time of the change. The notice shall indicate the effective date of the change, the identity of the new director of nursing or administrator and a copy of his/her license or the license number. A change of administrator is also part of the licensure application process; therefore, the information shall be submitted as a notarized statement by the operator in accordance with section 198.018, RSMo.

[(16)](14) An NF may request a waiver of nurse staffing requirements to the extent the facility is unable to meet the requirements including the areas of twenty-four (24)-hour licensed nurse coverage, the use of a registered nurse for eight (8) consecutive hours, seven (7) days per week and the use of a registered nurse as director of nursing.

(A) Requests for waivers shall be made in writing to the deputy director, Division of Aging.

(B) Requests for waivers will be considered only from facilities licensed under Chapter 198, RSMo, as ICFs which do not have a nursing pool agency that is within a fifty (50) miles, within state boundaries, and which can supply the needed nursing personnel.

(C) The division shall consider each request for a waiver and shall approve or disapprove the request in writing within thirty (30) working days of receipt or, if additional information is needed, shall request from the facility the additional information or documentation within ten (10) working days.

(D) Approval of a nurse waiver request shall be based on an evaluation of whether the facility has been unable, despite diligent efforts—including offering wages at the community prevailing rate for nursing facilities—to recruit the necessary personnel. Diligent effort shall mean prominently advertising for the necessary nursing personnel in a variety of local and out-of-the-area publications, including newspapers and journals within a fifty (50)-mile radius, and which are within state boundaries; contacts with nursing schools in the area; and participation in job fairs. The operator shall submit evidence of the diligent effort including:

1. Copies of newspapers and journal advertisements, correspondence with nursing schools and vocational programs, and any other relevant material;

2. If there is a nursing pool agency within fifty (50) miles which is within state boundaries and the agency cannot consistently supply the necessary personnel on a per-diem basis to the facility, the operator shall submit a letter from the agency so stating;

3. Copies of current staffing patterns including the number and type of nursing staff on each shift and the qualifications of licensed nurses;

4. A current form HCFA 672, Resident Census and Conditions of Residents;

5. Evidence that the facility has a registered nurse consultant required under 13 CSR 15-14.042(36)(B) and evidence that the facility has made arrangements to assure registered nurse involvement in the coordination of the assessment process as required under 42 CFR 20(c)(1)(ii);

6. Location of the nurses' stations and any other pertinent physical feature information the facility chooses to provide;

7. Any other information deemed important by the facility including personnel procedures, promotions, staff orientation and evaluation, scheduling practices, benefit programs, utilization of

supplemental agency personnel, physician-nurse collaboration, support services to nursing personnel and the like; and

8. For renewal requests, the information supplied shall show diligent efforts to recruit appropriate personnel throughout the prior waiver period. Updates of prior submitted information in other areas are acceptable.

(E) In order to meet the conditions specified in federal regulation 42 CFR 483.30, the following shall be considered in granting approval:

1. There is assurance that a registered nurse or physician is available to respond immediately to telephone calls from the facility for periods of time in which licensed nursing services are not available;

2. There is assurance that if a facility requesting a waiver has, or admits after receiving a waiver, any acutely ill or unstable residents requiring skilled nursing care, the skilled care shall be provided in accordance with state licensure rule 13 CSR 15-14.042(6); and

3. The facility has not received a Class I notice of noncompliance in resident care within one hundred twenty (120) days of the waiver request or the division has not conducted an extended survey in the facility within one (1) year of the waiver request. Any facility which receives a Class I notice of noncompliance in resident care or an extended survey while under waiver status will not have the waiver renewed unless the problem has been corrected and steps have been taken to prevent recurrence. If a facility received more than one (1) Class I notice of noncompliance in resident care during a waiver period, the Division of Aging will consider revocation of the waiver.

(F) The facility shall cooperate with the Division of Aging in providing the proper documentation. For renewal requests, the request and proper documentation shall be submitted to the Division of Aging at least forty-five (45) days prior to the ending date of the current waiver period. If any changes occur during a waiver period that affect the status of the waiver, a letter shall be submitted to the deputy director of institutional services within ten (10) days of the changes. The request for a waiver or renewal of a waiver shall be denied if the facility fails to abide by these previously mentioned time frames.

(G) If a waiver request is denied, the division shall notify the facility in writing and within twenty (20) days, the facility shall submit to the division a written plan for how the facility will recruit the required personnel. If appropriate personnel are not hired within two (2) months, the division shall initiate enforcement proceedings.

SUMMARY OF FISCAL IMPACT**

Affected Agency or Political Subdivision	Estimated Cost of Compliance in the Aggregate
Department of Health	\$66,600.00 annually
Total	\$66,600.00 annually

III. WORKSHEET

Six (6) emergency medical services regional committees **times** 15 members per committee **times** 4 meetings per year for each committee **times** \$185.00 travel expenses per committee member **equals** \$66,600.00 annually.

IV. ASSUMPTIONS

This rule establishes 6 emergency medical services regional committees.

Each of the 6 emergency medical services regional committees will meet 4 times each year and each committee will have 15 members.

The travel expenses for each committee member for each meeting is estimated at \$65.00 for a hotel room, \$45.00 for meals, and \$75.00 for mileage.

This rule does not increase the cost to any other political subdivision in the state.

If there was more than one method to calculate a cost, the most expensive method was used.

All costs are based on approximations and estimations by the department.

It is anticipated the total aggregated cost per year will recur each year for the life of the rule. The duration of this rule cannot be estimated. The aggregated cost does not include an annual rate for inflation.

This section will contain the final text of the rules proposed by agencies. The order of rulemaking is required to contain a citation to the legal authority upon which the order of rulemaking is based; reference to the date and page or pages where the notice of proposed rulemaking was published in the *Missouri Register*; an explanation of any change between the text of the rule as contained in the notice of proposed rulemaking and the text of the rule as finally adopted, together with the reason for any such change; and the full text of any section or subsection of the rule as adopted which has been changed from that contained in the notice of proposed rulemaking. The effective date of the rule shall be not less than 30 days after the date of publication of the revision to the *Code of State Regulations*.

The agency is also required to make a brief summary of the general nature and extent of comments submitted in support of or opposition to the proposed rule and a concise summary of the testimony presented at the hearing, if any, held in connection with the rulemaking, together with a concise summary of the agency's findings with respect to the merits of any such testimony or comments which are opposed in whole or in part to the proposed rule. The 90-day period during which an agency shall file its order of rulemaking for publication in the *Missouri Register* begins either: 1) after the hearing on the proposed rulemaking is held; or 2) at the end of the time for submission of comments to the agency. During this period, the agency shall file with the secretary of state the order of rulemaking, either putting the proposed rule into effect, with or without further changes, or withdrawing the proposed rule.

**Title 3—DEPARTMENT OF CONSERVATION
Division 10—Conservation Commission
Chapter 7—Wildlife Code: Hunting: Seasons,
Methods, Limits**

ORDER OF RULEMAKING

By the authority vested in the Conservation Commission under sections 40 and 45 of Art. IV, Mo. Const., the commission amends a rule as follows:

3 CSR 10-7.455 is amended.

This amendment relates to hunting seasons and limits and is excepted by section 536.021, RSMo from the requirement for filing as a proposed amendment.

The Department of Conservation amended 3 CSR 10-7.455 by adopting provisions for turkey hunting during the 2001 seasons.

3 CSR 10-7.455 Turkeys: Seasons, Methods, Limits

PURPOSE: This amendment adds a 2-day Youth Spring Turkey Hunting Season beginning annually nine days prior to the opening of the regular Spring Turkey Hunting Season.

(1) Turkeys may be pursued, taken, killed, possessed or transported only as permitted in this rule.

(D) Youth Spring Season. The 2-day Youth Spring Season will begin annually on the Saturday nine (9) days prior to the Monday opening of the Spring Season. A Missouri resident possessing a Youth Deer and Turkey Hunting Permit or the prescribed turkey

hunting permit and who is 15 years of age or less on the opening day of the Youth Spring Season may take only one (1) male turkey or turkey with visible beard during the Youth Spring Season. A turkey harvested during the Youth Spring Season will count towards an individual's Spring Season bag limit; individuals hunting under the prescribed turkey hunting permit may not harvest a second bird during the first week of the Spring Season. Turkeys may be taken only by shotgun with shot no larger than No. 4, or longbow, without the use of dogs, bait, recorded calls or live decoys, from one-half (1/2) hour before sunrise to 1:00 p.m. Central Daylight Time (CDT). Possession of shotshells loaded with shot larger than No. 4 is prohibited while hunting turkeys.

SUMMARY OF COMMENTS: Seasons and limits are excepted from the requirement of filing as a proposed amendment under section 536.021, RSMo.

This amendment filed November 29, 2000, effective **December 12, 2000**.

Chapter 270—Early Childhood Education**

ORDER OF RULEMAKING

By the authority vested in the state board of education under sections 178.691–178.699, RSMo 2000, the board amends a rule as follows:

5 CSR 50-270.010 General Provisions Governing Programs Authorized Under the Early Childhood Development Act is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on

September 1, 2000 (25 MoReg 2231–2233). One change has been made in the text of the *Early Childhood Development Act Program Guidelines and Administrative Manual*, which is incorporated by reference. No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The state board of education has received one comment on this proposed amendment.

COMMENT: The state board of education has received one comment, which was written by the early childhood director after an internal review of the program guidelines and administrative manual. The comment noted that one High Needs characteristic was omitted. The following statement, Relative(s) who are a part of the Parent Support System (i.e., grandparents, aunts, uncles, etc.), is added on page 17 of the *Early Childhood Development Act Program Guidelines and Administrative Manual*, which is incorporated by reference in the administrative rule.

RESPONSE AND EXPLANATION OF CHANGE: The state board of education has carefully reviewed the comment and decided there is no cause for change in the proposed amendment. The board agrees to add one High Needs characteristic which was omitted from the *Early Childhood Development Act Program Guidelines and Administrative Manual*, which is incorporated by reference.

ORDER OF RULEMAKING

By the authority vested in the state board of education under sections 178.430, 178.440, 178.450 and 178.460 and 178.530, RSMo 2000, the board adopts a rule as follows:

5 CSR 60-480.100 Standards for the Determination of Eligible Training Providers and Administration of Reimbursement for the Education of Persons Under the Workforce Investment Act of 1998 and Other Employment Training Funding Sources Contracting With the State Board of Education is **adopted**.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on August 15, 2000 (25 MoReg 2091–2093). Changes have been made in the text of the *Workforce Investment Act Training Provider Certification Initial Eligibility Application* and the *WIA Training Provider Appeal Process*, which is incorporated by reference. No changes have been made in the text of the proposed rule, so it is not reprinted here. This proposed rule becomes effective thirty days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The State Board of Education received one letter of comment.

COMMENT: The Employment Training section submitted a letter of comment with changes to clarify the language pursuant to guidance from the U.S. Department of Labor and the Workforce Investment Act, Final Rules, which were issued by the U.S. Department of Labor. The comment suggests a change in the period of initial eligibility from twelve (12) to eighteen (18) months; a change to the required performance information submitted for each training program to delete the number of exiters, the number of exiters employed, the percent of completers employed, the completion rate of exiters, the percent of exiters employed, and to add the number of completers furthering education, the completion rate of participants, the percent of completers employed/furthering education; a change to the required performance information submitted for each training program; and to change the appeal process to provide that the training provider has fifteen (15) days to submit a written request for review to the local Workforce Development Board instead of the Missouri Training and Employment Council.

RESPONSE AND EXPLANATION OF CHANGE: The state board of education has carefully reviewed the comment and is in support of the proposed changes. The state board of education has made the appropriate revisions in the *Workforce Investment Act Training Provider Certification Initial Eligibility Application* and the *WIA Training Provider Appeal Process*, which are incorporated by reference. The incorporated by reference materials are filed with the secretary of state's office.

By the authority vested in the state board of education under sections 161.172, 178.430, 178.530, 178.590 and 178.610, RSMo 2000, the board adopts a rule as follows:

5 CSR 60-900.050 Standards for the Approval of Courses for the Education of Persons Under Veterans' Education and Vocational Rehabilitation is **adopted**.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on August 15, 2000 (25 MoReg 2093–2096). No changes have been made in the text of the proposed rule, so it is not reprinted here. This proposed rule becomes effective thirty days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: No comments were received.

**Title 5—DEPARTMENT OF ELEMENTARY AND
SECONDARY EDUCATION
Division 70—Special Education
Chapter 742—Special Education**

ORDER OF RULEMAKING

By the authority vested in the state board of education under section 162.975, RSMo 2000, the board amends a rule as follows:

5 CSR 70-742.170 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on September 1, 2000 (25 MoReg 2234). Changes have been made in the text of the proposed amendment. The section with changes is reprinted here. This proposed amendment becomes effective thirty days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The board received one (1) comment on this proposed amendment.

COMMENT: The Special Education Advisory Panel commented a preference that the sum of portions of applications which exceed \$100,000 be the first to be paid from the funds available. Thereafter, the sum of portions of applications which are \$100,000 or less be paid from funds remaining.

RESPONSE AND EXPLANATION OF CHANGE: The state board agrees that the text of the proposed amendment could be edited to improve clarity on this point. Subsection (2)(F) is reprinted here for clarity.

5 CSR 70-742.170 Extraordinary Cost Fund

(2) General Provisions.

(F) Payment and Possible Proration of Extraordinary Cost Fund Payments—The division will sum all approved reimbursable expenditures prior to distribution of funds following the annual receipt of applications on October 31. If there are insufficient funds to pay all approvable expenditures, payments may be prorated based on the funds available. Beginning with applications for services provided during the 2000–2001 school term and from funds appropriated for this purpose, the division shall review applications submitted for payment and determine the approved cost after considering an amount per application equal to five (5) times each applicant district's average per pupil expenditure and any disallowed expenditures. Approved costs in excess of one hundred thousand dollars (\$100,000) per application shall be paid subject to the availability of funds. If funds are insufficient, such approved costs may be prorated. If funds remain, approved costs of one hundred thousand dollars (\$100,000) or less per application shall be paid in full or, if funds are not sufficient, such approved costs may be prorated.

**Title 5—DEPARTMENT OF ELEMENTARY AND
SECONDARY EDUCATION
Division 80—Urban and Teacher Education
Chapter 805—Teacher Education**

ORDER OF RULEMAKING

By the authority vested in the state board of education under sections 161.092, 161.097, and 161.099 and 168.021, RSMo 2000, the board amends a rule as follows:

5 CSR 80-805.015 Procedures and Standards for Approval of Professional Education Programs in Missouri is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on September 1, 2000 (25 MoReg 2234–2235). Changes have been made in Appendix A, which is incorporated by reference. No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The state board of education has received three (3) comments regarding the proposed amendment.

COMMENT: The state board has received a comment from the Missouri School Boards Association supporting the board's effort to recognize education credits from community colleges, questioning if the board is limiting the transfer of credits from out-of-state community colleges or other programs, and citing a possible discrepancy between the secretary of state's listing of the rule on the web and that published in the *Missouri Register*. Two (2) comments were received with reference to Standard 5.1 regarding the qualifications for faculty teaching in professional education programs, which is included in Appendix A and incorporated by reference. The comments indicate that the standard is too restrictive and should recognize additional factors when considering faculty qualifications.

RESPONSE AND EXPLANATION OF CHANGE: The state board has carefully reviewed the comments and notes that the comment regarding the inclusion of transfer credit from out-of-state community colleges and other institutions is addressed in the comments to 5 CSR 80-805.016. As to the apparent discrepancy in the listing of the rule on the web, the board notes that it has no control over other agencies websites and decided that there is no cause for change in the proposed amendment. The board is in agreement with the comments that Standard 5.1 of the Missouri Standards for Teacher Education Programs is too restrictive. The board has corrected Standard 5.1 in Appendix A, which is incorporated by reference and refiled with the secretary of state.

ORDER OF RULEMAKING

By the authority vested in the state board of education under sections 161.092, 161.097, 161.099 and 168.021, RSMo 2000, the board adopts a rule as follows:

5 CSR 80-805.016 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on September 1, 2000 (25 MoReg 2235–2236). The section with changes is reprinted here. This proposed rule becomes effective thirty days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The state board has received one (1) comment regarding the proposed rule.

COMMENT: The state board received a comment from the Missouri State Boards Association supporting the board's effort to recognize education credits from community colleges but

questioning if the board is limiting the transfer of credits from out-of-state community colleges or other institutions.

RESPONSE AND EXPLANATION OF CHANGE: The state board has carefully reviewed the comment and notes that it does not limit acceptance of transfer credit by four (4)-year teacher education programs from any other institution. Therefore, section (3) of the proposed rule has been changed and reprinted here for clarity.

5 CSR 80-805.016 Procedures for Approval of Preliminary Professional Education Programs in Missouri

(3) All Missouri two (2)-year college programs offering professional education coursework for transfer credit shall be evaluated by the department and approved by the state board of education pursuant to the rules promulgated by the board in the same manner as programs for certification are evaluated and approved for Missouri's four (4)-year teacher preparation institutions, employing the standards adopted by the board with appropriate adjustments for the level of preparation. It is not the intent of this rule to cause Missouri's four (4)-year teacher preparation institutions to deny acceptance of credit from any two (2)-year or four (4)-year college.

**Title 13—DEPARTMENT OF SOCIAL SERVICES
Division 70—Division of Medical Services
Chapter 10—Nursing Home Program**

ORDER OF RULEMAKING

By the authority vested in the director of the Division of Medical Services under sections 208.153, 208.159 and 208.201, RSMo 2000, the director hereby amends a rule as follows:

13 CSR 70-10.015 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on August 1, 2000 (25 MoReg 1967-1970). A change has been made in the text of the proposed amendment, detailed below, so the section with the change is reprinted here. This proposed amendment becomes effective thirty days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS AND EXPLANATION OF CHANGE: The Division of Medical Services received four letters with several comments on the proposed amendment, detailed below. Some of the comments received did not relate to the proposed amendment, and therefore, have not been addressed. The division revised the proposed amendment to indicate that the additional funds received from the quality assurance incentive is to be used to increase expenditures for all direct patient care expenses, not only the wages and salaries of direct patient care staff. The fiscal note included with the proposed amendment and the nursing facility rates were calculated properly so no other changes are necessary.

COMMENT: A comment was received supporting the requirement of the proposed regulation that the rate increase be used for direct patient care staff.

RESPONSE AND EXPLANATION OF CHANGE: The division appreciates the comment of support. As indicated above, the proposed amendment has been revised to indicate that the additional

funds received from the quality assurance incentive is to be used to increase expenditures for all direct patient care expenses, not only the wages and salaries of direct patient care staff.

COMMENT: The wording of the proposed regulation needs to be expanded to emphasize that it may be used to hire additional patient care staff including additional Registered Nurses. Primary issues for nurse aide retention is the need for additional staff to reduce the workload and to receive appropriate training and supervision.

RESPONSE: The additional funds from the quality assurance incentive is to be used to increase the expenditures of all direct patient care costs, which may include hiring of additional staff.

COMMENT: Since the proposed regulation directs that the increased funds are to be spent only on direct patient care staff, many employees will be excluded from receiving a salary increase.

RESPONSE: Since the proposed amendment has been revised to indicate that the additional funds received from the quality assurance incentive is to be used to increase expenditures for all direct patient care expenses, not only the wages and salaries of direct patient care staff, additional staff with costs reported in the patient care component are now covered.

COMMENT: The proposed regulation addresses direct patient care as the main issue concerning nursing homes. However, building maintenance and dietary issues are the most common survey citations and the proposed regulation does not allow for any of the increased funding to be directed to these areas.

RESPONSE: The appropriation bill authorizing the expenditure of the Quality Assurance Incentive requires increases to be based on the patient care component. The division has no authority to provide increases for building maintenance. By expanding the regulation to include all patient care costs, the division is addressing dietary issues.

COMMENT: There is concern over the State of Missouri's involvement in and the interpretation and enforcement of private contracts between nursing facilities and unions.

RESPONSE AND EXPLANATION OF CHANGE: The intent of the proposed regulation is to provide additional funds to increase the expenditures for all direct patient care costs over current or planned expenditures, thereby improving the quality of care. The division revised the proposed amendment to indicate that the additional funds received from the quality assurance incentive is to be used to increase expenditures for all direct patient care expenses, not only the wages and salaries of direct patient care staff.

COMMENT: The proposed regulation faces potential issues with bankruptcy courts as it directs the expenditure of funds superceding the authority of a bankruptcy judge for nursing homes in Chapter 11 bankruptcy.

RESPONSE: The Division has reviewed this comment. No change has been made to the amendment except that the increased funds are to be used for all direct patient care costs as opposed to only the wages and salaries of direct patient care staff, as previously discussed.

COMMENT: Directing that the entire \$3.20 rate adjustment go to direct care givers will adversely affect many nursing facilities due to the NFRA fee. Depending upon the amount of NFRA owed by a nursing facility, the number of private pay patients and occupancy, the NFRA assessment may result in nursing facilities not receiving the full \$3.20.

RESPONSE: The current NFRA is made an allowable cost by including the current assessment as an add-on to the nursing facility's per diem rate. Therefore, nursing facilities are reimbursed for the Medicaid portion of the NFRA assessment, as they are reimbursed for the Medicaid portion of their other costs.

COMMENT: The usage of funds from the Quality Assurance Incentive should be clarified and used in a manner consistent with the law. The appropriation bill language cites direct patient care costs, which includes much more than just the wages and salaries of direct patient care staff. At a minimum, the funds should be used for both wages and benefits for staff.

RESPONSE AND EXPLANATION OF CHANGE: The proposed amendment has been revised to indicate that the additional funds received from the quality assurance incentive is to be used to increase expenditures for all direct patient care expenses, not only the wages and salaries of direct patient care staff.

COMMENT: The definition of direct patient care staff should be clarified.

RESPONSE AND EXPLANATION OF CHANGE: The proposed amendment has been revised to indicate that the additional funds received from the quality assurance incentive is to be used to increase expenditures for all direct patient care expenses, not only the wages and salaries of direct patient care staff. Direct patient care costs includes all expenses in the patient care cost component (i.e., lines 46 through 69 of Schedule B in the Title XIX Cost Report).

COMMENT: Projections in nursing facility collective bargaining agreements already in effect were of concern. Collective bargaining agreement wage progressions are projected in advance and in anticipation that rate adjustments will be forthcoming.

RESPONSE: The additional funds from the quality assurance incentive are to be used to increase the expenditures for all direct patient care costs over current or planned expenditures, thereby increasing the quality of care. Therefore, any increases in wages and benefits already codified in collective bargaining agreements in effect as of July 1, 2000, will not be counted towards the expenditure requirements of the quality assurance incentive. The division believes this response is consistent with the requirements of the language included in House Bill 1111, 90th General Assembly, Second Regular Session.

COMMENT: The proposed amendment does not describe how the quality assurance incentive will be monitored or audited for follow-up and the consequences of not spending the monies as directed (i.e., sanctions, fines, recoupment, etc.).

RESPONSE: The Division will review direct patient care costs during its annual review of the providers' cost reports. A comparison will be made of direct patient care costs in cost reports submitted prior to and subsequent to the implementation of the quality assurance incentive.

COMMENT: The problem of not being able to attract and maintain qualified people is not always due to the level of salaries and benefits but other factors. The concern is whether the quality assurance incentive will work in attracting qualified workers since other programs such as the criminal background checks and the EDL are not working as projected.

RESPONSE: The goal of the increased funding is to increase the quality of care. The division believes the best way to meet this objective was to increase expenditures for direct patient care costs.

COMMENT: Due to high turnover, staffing issues and training are constantly being dealt with. However, the training costs associated with new employees are not being addressed.

RESPONSE AND EXPLANATION OF CHANGE: Since the proposed amendment has been revised to indicate that the additional funds received from the quality assurance incentive is to be used to increase expenditures for all direct patient care expenses, not only the wages and salaries of direct patient care staff, hiring and training costs incurred within the direct patient care cost center are now covered. There is also a reimbursement program for

employees who go through the nurse aide training program set forth in 13 CSR 70-10.120, Reimbursement for Nurse Assistant Training.

COMMENT: The proposed amendment may be a backdoor to specifying quantity staffing versus quality staffing.

RESPONSE: The proposed amendment only directs that the increased funds be used to increase expenditures for direct patient care costs, but it does not direct that it accomplished in any specific way such as increased staffing levels over increased wages or benefits. It is each individual nursing facility's responsibility to determine the best way to use the funds to accomplish the overall goal of improving patient care within the directive of increasing direct patient care expenditures.

COMMENT: Managers of nursing homes should be allowed to make management decisions. Wrong management decisions will be caught through census or other areas and force management to make positive changes for the residents.

RESPONSE: The goal of the quality assurance incentive is to increase the quality of care for patients and takes a pro-active approach to accomplish the goal.

COMMENT: Since the nursing facility assessment was increased to assist in funding the rate increase, there should not be any specifications on how the funds are spent.

RESPONSE: The legislature has the authority to determine how state funds received are to be spent, regardless of the mechanism in which the funds are acquired.

13 CSR 70-10.015 Prospective Reimbursement Plan for Nursing Facility Services

(13) Adjustments to the Reimbursement Rates. Subject to the limitations prescribed elsewhere in this regulation, a facility's reimbursement rate may be adjusted as described in this section.

(B) Special Per-Diem Rate Adjustments. Special per-diem rate adjustments may be added to a qualifying facility's rate without regard to the cost component ceiling if specifically provided as described below.

1. Patient care incentive. Each facility with a prospective rate on or after January 1, 1995, shall receive a per-diem adjustment equal to ten percent (10%) of the facility's allowable patient care per diem subject to a maximum of one hundred thirty percent (130%) of the patient care median when added to the patient care per diem as determined in subsection (11)(A). This adjustment will not be subject to the cost component ceiling of one hundred twenty percent (120%) for the patient care median.

2. Ancillary incentive. Each facility with a prospective rate on or after January 1, 1995, and which meets one (1) of the following criteria shall receive a per-diem adjustment:

A. If the facility's allowable ancillary per diem as determined in subsection (11)(B) is below ninety percent (90%) of the ancillary median, the adjustment is equal to one-half (1/2) of the difference between one hundred twenty percent (120%) and ninety percent (90%) of the ancillary median. The following is an illustration of how the ancillary per-diem adjustment is calculated:

120% of median	\$6.62
90% of median	\$4.97
Difference	\$1.65
1/2 the difference	<u>2</u>
Per-diem adjustment	\$.83

B. If the facility's allowable ancillary per diem as determined in subsection (11)(B) is between ninety percent (90%) and one hundred twenty percent (120%) of the median, the adjustment is equal to one-half (1/2) of the difference between one hundred twenty percent (120%) of the median and the facility's allowable ancillary per diem. The following is an illustration of how the ancillary per-diem adjustment is calculated:

90% of median	\$4.97
120% of median	\$6.62
Ancillary per diem	\$5.21
Difference	\$1.41
1/2 the difference	<u>2</u>
Per-diem adjustment	\$.71

3. Multiple component incentive. Each facility with a prospective rate on or after January 1, 1995, and meets the following criteria shall receive a per-diem adjustment:

A. If the sum of the facility's patient care per diem and ancillary per diem, as determined in subsections (11)(A) and (B), is greater than or equal to sixty percent (60%) but less than or equal to eighty percent (80%), rounded to four (4) decimal places (.5985 or .8015 would not receive the adjustment), of the facility's total per diem, the adjustment is as follows:

<u>Percent of Total Per-Diem Rate</u>	<u>Incentive</u>
< 60%	\$0.00
> or = 60% but < 65%	\$1.15
> or = 65% but < 70%	\$1.30
> or = 70% but < 75%	\$1.45
> or = 75% but < or 80% =	\$1.60

B. A facility shall receive an additional incentive if it receives the adjustment in subparagraph (13)(B)3.A. and the following calculation is greater than seventy-five percent (75%), rounded to four (4) decimal places (.7485 would not receive the adjustment): Medicaid days divided by the licensed nursing facility patient days from the facility's desk audited and/or field audited 1992 cost report. The adjustment is as follows:

<u>Calculated Percentage</u>	<u>Incentive</u>
< 75%	\$0.00
> or = 75% but < 80%	\$0.15
> or = 80% but < 85%	\$0.30
> or = 85% but < 90%	\$0.45
> or = 90% but < 95%	\$0.60
> or = 95%	\$0.75

4. 1967 Life Safety Code (LSC). Currently certified nursing facilities that must comply with a recent interpretation of paragraph 10-133 of the 1967 LSC which requires corridor walls to extend to the roof deck or achieve equivalency under the Fire Safety Evaluation System (FSES) will be reimbursed the reasonable and necessary cost to meet those standards required for compliance through their reimbursement rate. The reimbursement shall not be effective until the Division of Aging has confirmed that the corrective action to comply with the 1967 LSC or FSES is operational and has reviewed the cost for compliance. Fire sprinkler systems shall be reimbursed over a depreciation life of twenty-five (25) years, and other alternative corrective action will be reimbursed over a depreciable life of fifteen (15) years. The division will use a desk audited and/or field audited cost report with the latest period ending in calendar year 1992 which is on file with the division as of December 31, 1993. This adjustment will be computed based on the documented cost submitted to the division as follows:

A. Depreciation. The cost incurred for the approved corrective action to continue in compliance divided by the depreciable useful life;

B. Interest. The interest cost incurred to finance this project shall be documented by a statement from the lending institution detailing the total interest cost of the loan period. The total interest cost will be divided by the loan period on a straight line basis; and

C. The total of subparagraph (13)(B)4.A. and B. will be divided by twelve (12) and then multiplied by the number of months covered by the 1992 cost report. This amount will be divided by the greater of actual patient days from the 1992 cost report or eighty-five percent (85%) of the licensed bed days from the 1992 cost report.

5. Any facility that had a 1967 LSC adjustment included in their December 31, 1994 reimbursement rate shall have that adjustment added to their January 1, 1995 reimbursement rate.

6. Replacement beds. A facility with a prospective rate in effect on or after January 1, 1995, may request a rate adjustment for replacement beds that resulted in the same number of beds being delicensed with the Division of Aging or the Department of Health. The facility shall provide documentation from the Division of Aging or the Department of Health that verifies the number of beds used for replacement have been delicensed from that facility. The rate adjustment will be calculated as the difference between the capital component per diem (fair rental value (FRV)) prior to the replacement beds being placed in service and the capital component per diem (FRV) including the replacement beds placed in service as calculated in subsection (11)(D) including the replacement beds placed in service. The capital component is calculated for the replacement beds using the asset value per licensed bed as determined using the R. S. Means Construction Index for nursing facility beds adjusted for the Missouri indexes for the date the replacement beds are placed in service.

7. Additional beds. A facility with a prospective rate in effect on or after January 1, 1995, may request a rate adjustment for additional beds. The facility must obtain an approved certificate of need or applicable waiver for the additional beds. The rate adjustment will be calculated as the difference between the capital component per diem (FRV) prior to the additional beds being placed in service and the capital component per diem (FRV) including the additional beds as calculated in subsection (11)(D) including the additional beds placed in service. The capital component is calculated for the additional beds using the asset value per licensed bed as determined using the R. S. Means Construction Index for nursing facility beds adjusted for the Missouri indexes for the date the additional beds are placed in service.

8. Extraordinary circumstances. A participating facility which has a prospective rate may request an adjustment to its prospective rate due to extraordinary circumstances. This request must be submitted in writing to the division within one (1) year of the occurrence of the extraordinary circumstance. The request must clearly and specifically identify the conditions for which the rate adjustment is sought. The dollar amount of the requested rate adjustment must be supported by complete, accurate and documented records satisfactory to the division. If the division makes a written request for additional information and the facility does not comply within ninety (90) days of the request for additional information, the division shall consider the request withdrawn. Requests for rate adjustments that have been withdrawn by the facility or are considered withdrawn because of failure to supply requested information may be resubmitted once for the requested rate adjustment. In the case of a rate adjustment request that has been withdrawn and then resubmitted, the effective date shall be the first day of the month in which the resubmitted request was made providing that it was made prior to the tenth day of the month. If the resubmitted request is not filed by the tenth of the month, rate adjustments shall be effective

the first day of the following month. Conditions for an extraordinary circumstance are as follows:

A. When the provider can show that it incurred higher costs due to circumstances beyond its control, the circumstances were not experienced by the nursing home industry in general and the costs have a substantial cost effect;

B. Extraordinary circumstances include:

(I) Natural disasters such as fire, earthquakes and flood that are not covered by insurance and that occur in a federally declared disaster area; and

(II) Vandalism and/or civil disorder that are not covered by insurance; and

C. The rate increase shall be calculated as follows:

(I) The one (1)-time costs, (costs that will not be incurred in future fiscal years):

(a) To determine what portion of the incurred costs will be paid, the division will use the patient occupancy days from latest available quarterly occupancy survey from the Division of Aging for the time period preceding when the extraordinary circumstances occurred; and

(b) The costs directly associated with the extraordinary circumstances will be multiplied by the above percent. This amount will be divided by the paid days for the month the rate adjustment becomes effective per paragraph (13)(B)8. This calculation will equal the amount to be added to the prospective rate for only one (1) month, which will be the month the rate adjustment becomes effective. For this one (1) month only, the ceiling will be waived.

(II) For ongoing costs (costs that will be incurred in future fiscal years): Ongoing annual costs will be divided by the greater of: annualized (calculated for a twelve (12)-month period) total patient days from the latest cost report on file or eighty-five percent (85%) of annualized total bed days. This calculation will equal the amount to be added to the respective cost center, not to exceed the cost component ceiling. The rate adjustment, subject to ceiling limits will be added to the prospective rate.

(III) For capitalized costs, a capital component per diem (FRV) will be calculated as determined in subsection (11)(D). The rate adjustment will be calculated as the difference between the capital component per diem (FRV) prior to the extraordinary circumstances and the capital component per diem (FRV) including the extraordinary circumstances.

9. Quality Assurance Incentive.

A. Each nursing facility with an interim or prospective rate on or after July 1, 2000, shall receive a per-diem adjustment of \$3.20. The Quality Assurance Incentive adjustment will be added to the facility's current rate.

B. The Quality Assurance Incentive per diem increase shall be used to increase the expenditures to a nursing facility's direct patient care costs. Direct patient care costs include all expenses in the patient care cost component (i.e., lines 46 through 69 of Schedule B in the Title XIX Cost Report). Any increases in wages and benefits already codified in a collective bargaining agreement in effect as of July 1, 2000, will not be counted towards the expenditure requirements of the Quality Assurance Incentive as stated above. Nursing facilities with collective bargaining agreements shall provide such agreements to the division.

10. High Volume Adjustment. Effective for dates of service July 1, 2000, a high volume adjustment shall be granted to qualifying providers. A provider must qualify each July 1, the beginning of each state fiscal year (SFY), for the high volume adjustment and the adjustment will be effective for services rendered during the SFY, July 1 through June 30. For a provider who has a high volume adjustment on June 30, but does not qualify for the high volume adjustment on July 1 of the subsequent SFY, that provider's prospective rate will be reduced by the amount of the high volume adjustment included in the facility's prospective rate in effect June 30.

A. Each facility with a prospective rate on or after July 1, 2000, and which meets all of the following criteria shall receive a per-diem adjustment:

(I) Have on file at the division a full twelve (12)-month cost report ending in the third calendar year prior to the state fiscal year in which the adjustment is being determined (i.e., for SFY 2001, the third prior year would be 1998, for SFY 2002, the third prior year would be 1999, etc.);

(II) The Medicaid patient days as determined from the cost report identified in part (13)(B)10.A.(I) exceeds eighty-five percent (85%) of the total patient days for all nursing facility licensed beds;

(III) The allowable cost per patient day as determined by the division from the applicable cost report for the patient care, ancillary and administration cost components, as set forth in paragraphs (11)(A)1., (11)(B)1. and (11)(C)1., exceeds the per-diem ceiling for each cost component in effect at the end of the cost report period; and

(IV) Government owned or operated facilities shall not be eligible for this adjustment.

B. The adjustment will be equal to ten percent (10%) of the sum of the per-diem ceilings for the patient care, ancillary and administration cost components in effect on July 1 of each year.

C. The division may reconstruct and redefine the qualifying criteria and payment methodology for the high volume adjustment.

ORDER OF RULEMAKING

By the authority vested in the director of the Division of Medical Services under sections 208.153, 208.159 and 208.201, RSMo 2000, the director hereby amends a rule as follows:

13 CSR 70-10.050 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on August 1, 2000 (25 MoReg 1971-1972). A change has been made in the text of the proposed amendment, detailed below, so the section with the change is reprinted here. This proposed amendment becomes effective thirty days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS AND EXPLANATION OF CHANGE: The Division of Medical Services did not receive any comments on the proposed amendment. The division revised the proposed amendment to indicate that the additional funds received from the quality assurance incentive is to be used to increase expenditures for all direct patient care expenses, not only the wages and salaries of direct patient care staff. The fiscal note included with the proposed amendment and the nursing facility rates were calculated properly so no other changes are necessary.

13 CSR 70-10.050 Pediatric Nursing Care Plan

(13) Rate Adjustments.

(D) Special Per-Diem Rate Adjustments. Special per-diem rate adjustments may be added to a qualifying facility's rate without regard to the level of care ceiling if specifically provided as described below.

1. Quality Assurance Incentive.

A. Each pediatric nursing facility with an interim or prospective rate on or after July 1, 2000, shall receive a per-diem

adjustment of \$3.20. The Quality Assurance Incentive adjustment will be added to the facility's current rate.

B. The Quality Assurance Incentive per-diem increase shall be used to increase the expenditures to a nursing facility's direct patient care costs. Direct patient care costs include all expenses in the patient care cost component (i.e., lines 45 through 60 and lines 77 through 85 of Schedule B in the Title XIX Cost Report version MSIR-1 (7-93)). Any increases in wages and benefits already codified in a collective bargaining agreement in effect as of July 1, 2000, will not be counted towards the expenditure requirements of the Quality Assurance Incentive as stated above. Nursing facilities with collective bargaining agreements shall provide such agreements to the division.

ORDER OF RULEMAKING

By the authority vested in the director of the Division of Medical Services under sections 208.1530 and 208.201, RSMo 2000, the director hereby amends a rule as follows:

13 CSR 70-10.080 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on August 1, 2000 (25 MoReg 1973-1975). A change has been made in the text of the proposed amendment, detailed below, so the section with the change is reprinted here. This proposed amendment becomes effective thirty days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS AND EXPLANATION OF CHANGE: The Division of Medical Services did not receive any comments on the proposed amendment. The division revised the proposed amendment to indicate that the additional funds received from the quality assurance incentive is to be used to increase expenditures for all direct patient care expenses, not only the wages and salaries of direct patient care staff. The fiscal note included with the proposed amendment and the nursing facility rates were calculated properly so no other changes are necessary.

13 CSR 70-10.080 Prospective Reimbursement Plan for HIV Nursing Facility Services

(13) Adjustments to the Reimbursement Rates. Subject to the limitations prescribed elsewhere in this regulation, a facility's reimbursement rate may be adjusted as described in this section.

(B) Special Per-Diem Rate Adjustments. Special per-diem rate adjustments may be added to a qualifying facility's rate without regard to the cost component ceiling if specifically provided as described below.

1. Replacement beds. A facility with a prospective rate in effect on or after November 30, 1995, may request a rate adjustment for replacement beds that resulted in the same number of beds being delicensed with the Division of Aging. The facility shall provide documentation from the Division of Aging that verifies the number of beds used for replacement have been delicensed from that facility. The rate adjustment will be calculated as the difference between the capital component per diem (fair rental value, FRV) prior to the replacement beds being placed in service and the capital component per diem FRV including the replacement beds placed in service as calculated in subsection (11)(D) including the replacement beds placed in service. The capital component is calculated for the replacement beds using the asset value per licensed

bed as determined using the R. S. Means Construction Index for nursing facility beds adjusted for the Missouri indexes for the date the replacement beds are placed in service.

2. Additional beds. A facility with a prospective rate in effect on or after November 30, 1995, may request a rate adjustment for additional beds. The facility must obtain an approved certificate of need or applicable waiver for the additional beds. The rate adjustment will be calculated as the difference between the capital component per diem FRV prior to the additional beds being placed in service and the capital component per diem FRV including the additional beds as calculated in subsection (11)(D) including the additional beds placed in service. The capital component is calculated for the additional beds using the asset value per licensed bed as determined using the R. S. Means Construction Index for nursing facility beds adjusted for the Missouri indexes for the date the additional beds are placed in service.

3. Extraordinary circumstances. A participating facility which has a prospective rate may request an adjustment to its prospective rate due to extraordinary circumstances. This request must be submitted in writing to the division within one (1) year of the occurrence of the extraordinary circumstance. The request must clearly and specifically identify the conditions for which the rate adjustment is sought. The dollar amount of the requested rate adjustment must be supported by complete, accurate and documented records satisfactory to the division. If the division makes a written request for additional information and the facility does not comply within ninety (90) days of the request for additional information, the division shall consider the request withdrawn. Requests for rate adjustments that have been withdrawn by the facility or are considered withdrawn because of failure to supply requested information may be resubmitted once for the requested rate adjustment. In the case of a rate adjustment request that has been withdrawn and then resubmitted, the effective date shall be the first day of the month in which the resubmitted request was made providing that it was made prior to the tenth day of the month. If the resubmitted request is not filed by the tenth of the month, rate adjustments shall be effective the first day of the following month. Conditions for an extraordinary circumstance are as follows:

A. When the provider can show that it incurred higher costs due to circumstances beyond its control, the circumstances were not experienced by the nursing home industry in general and the costs have a substantial cost effect;

B. Extraordinary circumstances include:

(I) Natural disasters such as fire, earthquakes and flood that are not covered by insurance and that occur in a federally declared disaster area; and

(II) Vandalism and/or civil disorder that are not covered by insurance; and

C. The rate increase shall be calculated as follows:

(I) The one (1) time costs (costs that will not be incurred in future fiscal years):

(a) To determine what portion of the incurred costs will be paid, the division will use the patient occupancy days from latest available quarterly occupancy survey from the Division of Aging for the time period preceding when the extraordinary circumstances occurred; and

(b) The costs directly associated with the extraordinary circumstances will be multiplied by the above percent. This amount will be divided by the paid days for the month the rate adjustment becomes effective per paragraph (13)(B)8. This calculation will equal the amount to be added to the prospective rate for only one (1) month, which will be the month the rate adjustment becomes effective. For this one (1) month only, the ceiling will be waived.

(II) For ongoing costs (costs that will be incurred in future fiscal years): Ongoing annual costs will be divided by the greater of: annualized (calculated for a twelve (12)-month period)

total patient days from the latest cost report on file or eighty-five percent (85%) of annualized total bed days. This calculation will equal the amount to be added to the respective cost center, not to exceed the cost component ceiling. The rate adjustment, subject to ceiling limits will be added to the prospective rate.

(III) For capitalized costs, a capital component per diem FRV will be calculated as determined in subsection (11)(D). The rate adjustment will be calculated as the difference between the capital component per diem FRV prior to the extraordinary circumstances and the capital component per diem FRV including the extraordinary circumstances.

4. Quality Assurance Incentive.

A. Each HIV nursing facility with an interim or prospective rate on or after July 1, 2000, shall receive a per-diem adjustment of \$3.20. The Quality Assurance Incentive adjustment will be added to the facility's current rate.

B. The Quality Assurance Incentive per-diem increase shall be used to increase the expenditures to a nursing facility's direct patient care costs. Direct patient care costs include all expenses in the patient care cost component (i.e., lines 46 through 69 of Schedule B in the Title XIX Cost Report). Any increases in wages and benefits already codified in a collective bargaining agreement in effect as of July 1, 2000, will not be counted towards the expenditure requirements of the Quality Assurance Incentive as stated above. Nursing facilities with collective bargaining agreements shall provide such agreements to the division.

ORDER OF RULEMAKING

By the authority vested in the director of the Division of Medical Services under sections 208.153 and 208.201, RSMo 2000, the director hereby amends a rule as follows:

13 CSR 70-20.031 List of Excludable Drugs for Which Prior Authorization is Required **is amended.**

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on August 1, 2000 (25 MoReg 1976). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Division of Medical Services received 83 written comments on this proposed amendment. Two comments were received at the August 31, 2000 public hearing.

COMMENT: Sixty-eight (68) comments were received in support of the amendment to allow coverage of Orlistat for an indication of dyslipidemia but also advocated for the expansion of coverage to treat obesity.

RESPONSE: The division has considered the comments and has not made changes to the amendment at this time. The division will continue to consider adding drugs to the Medicaid program to treat obesity.

COMMENT: One commenter wrote that the regulation allows the pharmacy program to be able to properly manage costs through effective prior authorization and the amendment will not create any significant burdens to Medicaid providers or impact the health of Medicaid patients. This commenter also testified in support of the amendment at the August 31, 2000 public hearing.

RESPONSE: The comment did not require changes to be made to the amendment.

COMMENT: Nine commenters wrote that Missouri has one of the highest obesity rates in the country and urged Missouri Medicaid to allow drugs to be used in the treatment of obesity.

RESPONSE: The division has considered the comments and has not made changes to the amendment at this time. The division will continue to consider adding drugs to the Medicaid program to treat obesity.

COMMENT: Five commenters urged Missouri Medicaid to allow drugs to be used in the treatment of obesity.

RESPONSE: The division has considered the comments and has not made changes to the amendment at this time. The division will continue to consider adding drugs to the Medicaid program to treat obesity.

COMMENT: One commenter testified in support of the proposed amendment at the August 31, 2000 public hearing, but recommended that coverage for the product Orlistat be expanded to include other medical conditions.

RESPONSE: The division has considered the comments and has not made changes to the amendment at this time. The division will continue to consider adding drugs to the Medicaid program to treat obesity.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on August 1, 2000 (25 MoReg 1977). No changes have been made in the text of the proposed rule, so it is not reprinted here. This proposed rule becomes effective thirty days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Division of Medical Services received one written comment on this proposed rule. The comment was in support of the rule. Two comments were received at the August 31, 2000 public hearing.

COMMENT: One commenter wrote in support of the rule. The commenter wrote that the prior authorization of the drugs covered in the rule will contain costs without creating any significant burden to Medicaid providers or patients. This commenter also testified in support of the proposed rule at the August 31, 2000 public hearing.

RESPONSE: The comment did not require changes to be made to the rule.

COMMENT: One commenter testified in support of the proposed rule, but recommended that coverage for the product Orlistat be expanded to include other medical conditions.

RESPONSE: The state agency declined to make this change at this time.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on August 1, 2000 (25 MoReg 1978). No changes have been made in the text of the proposed rule, so it is not reprinted here. This proposed rule becomes effective thirty days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Division of Medical Services received two written comments on this proposed rule. One comment requested that the rule be withdrawn. One comment was in support of the rule.

COMMENT: One commenter objected to the rule because of the significant hardship and inconvenience it will cause Medicaid patients who are on maintenance drugs or other drug therapies of longer than 31 days in duration.

RESPONSE: The division has considered this comment and has decided to make no changes.

COMMENT: One commenter wrote in support of the rule. The commenter believes the rule will help contain Medicaid pharmaceutical cost without unduly inconveniencing or endangering the health of Medicaid patients and would not create any significant burdens for providers.

RESPONSE: The comment did not require changes to be made to the rule.

**Title 20—DEPARTMENT OF INSURANCE
Division 400—Life, Annuities and Health
Chapter 7—Health Maintenance Organizations**

ORDER OF RULEMAKING

By the authority vested in the director of the Department of Insurance under sections 354.442.1(15) and 354.485, RSMo 2000, the director amends a rule as follows:

20 CSR 400-7.180 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on July 17, 2000 (25 MoReg 1895-1910). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: A hearing was held on August 21, 2000 at 10:00 a.m. in the offices of the Department of Insurance, Harry S Truman State Office Building, Room 630. The comments at the hearing supported the amendments. The Department received several written comments, most supporting the amendments, some suggesting minor changes, and one opposing the amendments.

COMMENT: One commenter opposed the amendment opining that the amendment is in conflict with the legislative intent of the law. The commenter believes plans operating in Missouri should simply be required to use the Missouri form instead of being permitted to require physicians to use that company's form from another state if approved by the director.

RESPONSE AND EXPLANATION OF CHANGE: The Director has determined to modify the language in the amendment to make it clear that carriers must accept any form that has been approved by the director for credentialing purposes.

COMMENT: One commenter commented as follows: (1) the private entity cost worksheet overstates the number of HMOs and size of networks; (2) there is a typographical error in Section XI, question 14 of Exhibit A; (3) Exhibit A should include a question regarding inability to perform essential functions; (4) there should be a requirement that the practitioner attest to having malpractice insurance; and (5) recredentialing should be permitted by use of either the long form or an abbreviated form.

RESPONSE AND EXPLANATION OF CHANGE: (1) In drafting the Private Entity Cost Worksheet, the department used information on the number of plans approved to operate in both the Kansas City and St. Louis metropolitan areas, as both of these cities are large metropolitan areas on the border with neighboring states. While the problem with duplicate credentialing forms appears to be more severe in Kansas City, the same problem could be encountered in St. Louis if Illinois were to draft a law requiring the use of an Illinois standardized credentialing form. Therefore, the Director has decided to make no changes to the Private Entity Cost Worksheet. (2) The Director has agreed to correct the typographical error changing "postgraduate" to "postgraduate" in Section XI, question 14 of Exhibit A. (3) The proposed amendments to Exhibit A include the addition of the following item in Section XI as question 18: "Provide a statement regarding the reasons for any inability to perform the essential functions, with or without accommodations, for the practice in which you are seeking to become a participating provider." The Director believes this addresses the comment and does not agree to any further alter-

ation of Exhibit A in response to the comment. (4) Section VIII of Exhibit A has always covered information on malpractice coverage, and will continue to do so. The Director does not agree to any further alteration of Exhibit A in response to the comment. (5) The director has considered the comment and has determined to retain the requirement that the same form be used for credentialing and recredentialing. Therefore no change will be made to the amendment in response to the comment.

COMMENT: One commenter commented as follows: (1) Section VI of Exhibit A should also include "Current Work History". (2) The signature requirement at the end of Section IX of Exhibit A is easily overlooked and should be highlighted. (3) Section X, question 8 of Exhibit A should refer to "membership" in addition to "privileges". (4) Section XI, question 2 of Exhibit A should refer to the "Physician Assistant Supervision" agreement.

RESPONSE AND EXPLANATION OF CHANGE: (1) Current practice location information is requested in Section II on page 2 of Exhibit A. Calling for it again in Section VI would be redundant. However, the director agrees to add a place in Section II where the dates of affiliation with current practice location can be indicated. (2) The current regulation allows for a separate attestation page of the carrier's choosing in addition to the malpractice history attestation in Section IX of Exhibit A. The amended regulation would not change that; thus a separate attestation will continue to be allowed. The Director has agreed to modify the formatting of the signature section on page 9 in an effort to decrease the likelihood that a provider would overlook it. (3) The director has considered the comment but believes that membership is not a reliable measure of provider competency. Therefore no change will be made to the amendment in response to the comment. (4) The title of the form required by the Missouri Board of Healing Arts is "Physician Assistant Verification of Supervision Agreement." The MDI agrees to modify Section XI, question 2 of Exhibit A as follows: "2. Collaborative Practice and/or Physician Assistant Verification of Supervision Agreement(s)".

20 CSR 400-7.180 Standard Form To Establish Credentials

(2) The form provided in Exhibit A shall be used by all health carriers and their agents when credentialing or recredentialing health care professionals in a managed care plan. Use of another state's standardized credentialing form is permissible so long as the director determines prior to its use that it is substantially similar to the form in Exhibit A. Carriers shall accept any form approved by the director for credentialing purposes, and shall not require a Missouri health care professional to use any particular approved form to the exclusion of any other approved form, so long as the form submitted by the Missouri health care professional is Missouri's Standardized Credentialing Form or any other form approved pursuant to this rule. Requests for the director's approval of the use of another state's standardized credentialing form should be submitted to the following address: Missouri Department of Insurance, Managed Care Section, P.O. Box 690, Jefferson City, MO 65102-0690. A request must include a complete copy of the form to be approved and the name, address and telephone number of the person requesting approval. The director will provide written notice to all Missouri licensed health maintenance organizations of the approval of the use of another state's standardized credentialing form. The director also will provide on the department's Internet home page a copy of Missouri's Standardized Credentialing Form with a list of other state standardized credentialing forms that have been approved.

**Title 3—DEPARTMENT OF CONSERVATION
Division 10—Conservation Commission
Chapter 7—Wildlife Code: Hunting: Seasons,
Methods, Limits**

IN ADDITION

3 CSR 10-7.455 Turkeys: Seasons, Methods, Limits

As a matter of public information, the following dates and bag limits shall apply on turkey hunting seasons for 2001. These are based on the formula for season dates set out in subsections (1)(A) and (1)(B) of this rule in the *Code of State Regulations*, and action of the Conservation Commission on November 21, 2000, to annually establish the season length and bag limit of the spring turkey hunting season.

Spring Season. The 2001 spring turkey hunting season will be twenty-one (21) days in length (from April 23 through May 13, 2001). A person possessing the prescribed turkey hunting permit may take two (2) male turkeys or turkeys with visible beard during the season; provided, only one (1) turkey may be taken during the first seven (7) days of the season and only one (1) turkey may be taken per day.

Fall Firearms Season. The 2001 fall firearms turkey hunting season will be fourteen (14) days in length (from October 8 through October 21, 2001). A person possessing the prescribed fall firearms turkey hunting permit may take two (2) turkeys of either sex during the season; provided only one (1) turkey may be taken during the first seven (7) days of the season, and only one (1) turkey may be taken per day.

Title 20—DEPARTMENT OF INSURANCE

IN ADDITION

Pursuant to section 537.610, RSMo regarding the Sovereign Immunity Limits for Missouri Public Entities, the Director of Insurance is required to calculate the new limitations on awards for liability.

Using the Implicit Price Deflator (IPD) for Personal Consumption Expenditures (PCE), as required by section 537.610, RSMo. The two new Sovereign Immunity Limits effective January 1, 2001 were established by the following calculations:

Index Based on 1996 Dollars
Third Quarter 2000 IPD Index 107.26
Third Quarter 1999 IPD Index 104.89

$$\text{New Limit} = 2000 \text{ Limit} \times (2000 \text{ Index} / 1999 \text{ Index})$$

For all claims arising out of a single accident or occurrence:
$$2,079,420 = 2,033,473 \times (1.0726 / 1.0489)$$

For any one person in a single accident or occurrence:
$$311,913 = 305,021 \times (1.0726 / 1.0489)$$

The Secretary of State is required by sections 347.141 and 359.481, RSMo 2000 to publish dissolutions of limited liability companies and limited partnerships. The content requirements for the one-time publishing of these notices are prescribed by statute. This listing is published pursuant to these statutes. We request that documents submitted for publication in this section be submitted in camera ready 8 1/2" X 11" manuscript.

**NOTICE OF CORPORATE DISSOLUTION
TO ALL CREDITORS AND CLAIMANTS
AGAINST M.K. PROPERTIES, L.L.C.**

On November 16, 2000, M.K. Properties, L.L.C., a Missouri Limited Liability Company, filed its Articles of Termination with the Missouri Secretary of State. Any claims against the L.L.C. should be sent to Gene M. Zafft, 7733 Forsyth Blvd., Suite 400, St. Louis, Missouri 63105. All claims must include the name, address and phone number of the claimant; the amount of the claim; the basis of the claim; and the date the claim arose.

All claims must be received by the L.L.C. within three (3) years after publication of this notice. Any claims not received by that date will be barred.

**Rule Changes Since Update to
Code of State Regulations**

This cumulative table gives you the latest status of rules. It contains citations of rulemakings adopted or proposed after deadline for the monthly Update Service to the *Code of State Regulations*, citations are to volume and page number in the *Missouri Register*, except for material in this issue. The first number in the table cite refers to the volume number or the publication year—24 (1999), 25 (2000) and 26 (2001). MoReg refers to *Missouri Register* and the numbers refer to a specific *Register* page, R indicates a rescission, W indicates a withdrawal, S indicates a statement of actual cost, T indicates an order terminating a rule, N.A. indicates not applicable and RUC indicates a rule under consideration.
